

## The Yun Family's Ninth Child is an Imp! Chapter 1980

"Once a concubine, always a concubine!" Although second aunt had been promoted, it didn't change the fact that she was a concubine. So, some people shouldn't simply call themselves relatives. If you're not ashamed, I'm ashamed for you! The Mo family doesn't have such a shameless relative!"

Yun chujia was leaning against a big tree to enjoy the shade, so she could say whatever she wanted to vent her anger.

Mo Xiaoting looked at Master Luo's face, which had turned green with anger, and felt very comfortable. Fang Cao was right. How could a concubine's father put on airs with him? He really overestimated himself!

"Master Mo, it doesn't matter if you are related or not, Mo Fang Cao beat Yan'er up for no reason. What do you say?" Master Luo asked coldly.

Mo Xiaoting pretended to be surprised, "Fang Cao, is that true? Did you really do it?"

Yun chujia cursed in her heart. The Old Fox's acting skills were really good. If people didn't know, they would think that he didn't know!

Yun chujia blinked her eyes and said with a wronged expression, "Grandfather, I originally wanted you to bring me to the Luo residence to seek justice! But, I felt that if it wasn't a big deal, I shouldn't have bothered you. In fact, it would have affected the relationship between the two families."

“I didn’t expect that Luo Yan would actually be so thick-skinned. As the main culprit, the unreasonable side actually licked their faces and came to denounce me. It’s really amazing!”

“You! You! B \* Tch! You’re spouting nonsense! You were clearly the one who hit me and even extorted 20 million spirit stones from me!” Luo Yan was so angry that she was trembling.

“Aiyō! Did everyone hear that? She called me a B \* Tch! Previously, on the street, not only did she call me a B \* TCH, she also called me a country bumpkin. She even said that she wanted to send all my clothes to the furnace, cauldron, and Dojo!

“Plus, she was the one who started the fight. I fought back to protect myself. If you don’t believe me, you can go ask on the street. If I’m lying, I’ll be struck by lightning!” Yun Chujiu said angrily.

“Family head Luo, you heard it too. This incident was caused by Miss Yan. So, there’s no need to talk about who’s right and who’s wrong, right?”

Mo Xiaoting felt that although his son was an idiot, Fang Cao was still a hundred times stronger than Luo Yan. With just a few words, he had grasped all the logic behind the situation. On the other hand, Luo Yan only knew how to throw a tantrum.

The head of the Luo family glared at Luo Yan, then, he said, “Head Mo, even if Mo Fang Cao is telling the truth, she shouldn’t have done this, right? ! Not to mention, she even extorted 20 million high-grade spirit stones from the Luo family ... I only have two requests. First, I want Mo Fangcao to apologize to Yan ‘er. Second, I want the 20 million spirit stones back.”

In reality, family head Luo originally wanted to extort money from the Mo family, but he didn’t expect Luo Yan to be so useless and give Yun chujiu something to use against her. That was why he made these two requests.

Mo Xiaoting looked at Luo Yan, who had been beaten up like a pig’s head. He didn’t think the Luo family’s request was too much, so he lowered his head and looked at Yun Chujiu.

Yun Chujiu had always been a wild goose that plucked feathers. How could she spit out the money she received? !

“Patriarch Luo, the two requests you made are unreasonable! First, Luo Yan deserved to be beaten up! Did I ask her to scold me, or did I ask her to beat me up? If you don’t have the ability, then don’t ask for a fight. To complain after getting beaten up, you’re really shameless!

Second, I wasn’t the one who extorted the 20 million spirit stones. It was Luo Yan who paid me for the mental damage! It was originally 30 million, but I’m giving her a friendship price! If you’re serious, then give me the remaining 10 million. Otherwise, our Mo family won’t accept it!”
