

## The Yun Family's Ninth Child is an Imp! Chapter 1987

The people in line were also stunned. They all looked up at Yun Chujiu who was on the roof.

Yun chujiu cupped her hands at everyone, she said in a clear voice, "Everyone, are you all wondering why our moji grocery store didn't restock? Does anyone still think that our moji grocery store is stupid? Why didn't we restock when we were making so much money?"

Yun Chujiu's words immediately attracted everyone's attention. That's right, since they knew, why didn't they restock?

Yun chujiu swept her gaze across everyone, then, she sighed. "Everyone, to be honest, my biggest advantage and biggest weakness is that I'm too soft-hearted. Although our moji grocery store earns a lot of money every day, seeing that you guys bought so many things that you don't need at all, I feel extremely tormented in my heart!

There was an uncle who bought chopsticks that cost tens of thousands of spirit stones. How Long would he need to use them for? ! Therefore, I suggested to my grandfather that even if he earns more money, he can't continue this lucky draw. If he does that, he will scam a lot of people!"

Everyone was stunned at first, then they began to discuss animatedly.

"Aiyo, after hearing what this little girl said, it really makes sense. You said that we bought so many useless things, then we would have to throw them away for nothing."

“That’s right, we bought a bunch of them, and spent a lot of spirit stones. But in the end, we only won a few last prize. It’s really not worth it.”

“This Mo family still has a conscience. They correct when they find a problem. That Luo Ji is too disgusting. They are simply taking advantage of the situation!”

“That’s right, if it wasn’t for the little girl who broke through this layer of window paper, we would have been fooled again! Look at that manager of Luo Ji, Shan Yanghu. One look and you can tell that he’s not a good person!”

..

Shopkeeper Zheng’s heart was like a muttering dog!

This darn girl is really too mean!

It’s fine if you don’t earn money, but you actually don’t want us to earn money. With her words, who else can come to the lucky draw in the future? ! Moreover, she has even tarnished the reputation of our Luo family. It’s really too detestable!

Shopkeeper Pei saw that shopkeeper Zheng was so angry that his face was red and his neck was thick. He was very happy in his heart. He deserved it! It would be better if he angered you to death!

However, shopkeeper Pei soon began to worry. Miss Fangcao's clamor had indeed cheated the Luo family. However, their money-making business had also been blocked. The money they earned these few days was at most more than the two shops, weren't they still going to lose this bet?

At this moment, someone in the crowd said, "Miss Fangcao, although your heart is good, we just want to play an exciting game to block our luck. It's really a pity that your lucky draw event isn't going to be held!"

"Yes, Miss Fangcao, if only we could have a lucky draw without buying anything!"

"Forget it, Miss Fangcao's brain is not broken. If you don't buy anything, what right does she have to give you a reward?"

..

Yun chujiu was very satisfied with the performance of these children. This rhythm was pretty good!

This fellow smiled and said, "Everyone, to be honest, I have also considered this point. Therefore, our moji grocery store will be launching a lucky seven star card lucky draw from today onwards.

The prize money is very generous. Everyone doesn't need to buy groceries. They only need to pay ten spirit stones to get a chance to win a Super Big Prize.

Don't miss it! "Our Guards will send you a flyer. Take a look first, and then I'll explain the specific rules to you."

Yun chujiu waved her hand, and Hei Shi led the guards to send the flyer that Yun Chujiu had prepared long ago to the onlookers.

Shopkeeper Pei took over a flyer, and his eyes lit up when he saw it. This Miss Fang Cao was simply Inhuman!
