

## The Yun Family's Ninth Child is an Imp! Chapter 1990

On the day of the award ceremony, Mo's grocery store was completely surrounded. Even the roofs of some of the stores and some of the tree branches were filled with people. Everyone wanted to see if this so-called seven-star lucky card was reliable or not.

Seeing that it was almost time, Yun Chujiu made some noise. Then, she took out a box and said with a smile, "Everyone, now let's welcome the head of the Mo family, who is also my grandfather, to the award ceremony. Welcome, everyone."

After speaking, Yun Chujiu took the lead and started clapping. The crowd could only follow suit.

Although Mo Xiaoting had seen a lot of big events, this was the first time he had been welcomed like this by the crowd. A sense of satisfaction and pride filled his heart and his impression of Yun Chujiu increased by another notch.

Mo Xiaoting cupped his hands at the crowd and reached into the hole. He then began to take out a ball with a number written on it.

Mo Xiaoting pulled out a ball. Shopkeeper Pei stood to the side and shouted out a number. As the seven balls were pulled out., a fat woman cried out, "Oh my God! Oh My God! I've won all seven numbers! I've won the Special Prize! hahaha! I'm Rich!"

One after another, people in the crowd cried out in surprise, “I’ve won the first prize!”

“I’ve won the second prize!”

“I’ve won too! Hahaha, I’m actually a special prize as well!”

..

All of a sudden, the entire crowd was in an uproar!

Those who didn’t buy it, on one hand, were filled with envy, jealousy, and hatred. On the other hand, they still held a doubtful attitude. would this moji grocery store really cash in on the prize?

Although the special prize was split equally among a few people, each person’s prize money was in the tens of thousands. Would they really give it to them?

Unexpectedly, as long as they won the grand prize, they would receive the money they deserved.

The Fat woman who won the grand prize was so happy that she almost went crazy. “Haha, 10 Spirit Stones for 85,000 spirit stones. We really made a fortune!”

Everyone was both envious and regretful. If they had bought it, they might have won the prize!

There was only one thought in everyone’s mind, and that was to buy! Buy! Buy!

At this moment, manager Zheng of Luo’s grocery store said loudly, “Wait! I suspect that there’s something wrong with that ball! Maybe they marked the ball and could secretly manipulate some numbers to win the lottery!”

Everyone immediately exploded! ! If that was the case, wouldn’t they be fooling everyone? !

Yun chujiu curled her lips. “It’s true that the heart of a petty person measures the stomach of a gentleman. Our Mo Ji’s way of doing things is aboveboard, we wouldn’t do such a sneaky thing! “How about this, you guys recommend a few highly respected people to come up and take a look at these balls.”

Very soon, everyone recommended three old men.

The three old men took out the balls and compared them with the balls in the box. They didn't find anything unusual, no matter if it was the size or the weight.

"These spheres are all exactly the same. They weren't tampered with."The three old men came to a conclusion.

Yun chujju thanked the three old men, with a cold smile, she said, "This person, you have to set your conscience straight. Don't think that others are black just because you are black!"! However, this also gave Mo ji a reminder. In the future, when the lottery draws again, we will randomly choose seven people to come up and touch a sphere each. This way, you don't have to worry about the possibility of cheating."

Everyone nodded their heads in agreement, feeling that this was a good idea. This lottery draw was a matter of luck to begin with. If there were any tricks, it would be too immoral.
