

The Yun Family's Ninth Child is an Imp! Chapter 2013

Mo Fangqin's face stiffened as she thought to herself, what a coincidence? It must be the doing of a country bumpkin. How did she do it? What a pervert!

"Third sister, the weather will probably change in the next few days. TSK TSK, I'm still a little excited!" Yun chujie said with a grin.

Mo Fangqin felt that someone was going to be unlucky! This fellow was so excited. He must have thought of some bad idea.

In the end, the Zhao family did not destroy the Luo family. However, they actually made a request that Yun chujie thought was extremely ridiculous.

The Zhao family let the Luo family kill Luo Yan and then let Luo Yan marry Zhao Lizhi as their underworld wife. In other words, they buried Luo Yan and Zhao Lizhi together. This way, Zhao Lizhi could be considered to have a family in the netherworld.

Luo Pingsheng did not hesitate at all. He killed Luo Yan in front of second elder Zhao and handed Luo Yan's body to him.

"Luo family head, you're lucky. My elder brother's concubine actually gave birth to a fat kid. You should take care of yourself in the future!" Second Elder Zhao said with his lips curled.

“Second elder Zhao, please put in a few good words for me when you go back. I’ll help you keep an eye on the Mo family. I’ll report any news to you immediately. What do you plan to do with Mo Fangcao?”

Luo Pingsheng thought to himself, the Luo family had lost almost half of their assets. It would be best if the Zhao family could get rid of Mo Fangcao as soon as possible so that he could think of a way to annex the MO family.

“Although they have already made up their minds, there are still many unmarried men in the family. Once the mourning period is over, I will come again to propose marriage. I don’t think Mo Xiaoting would dare to refuse.”

Hearing second elder Zhao’s words, Luo Pingsheng could not help but heave a sigh of relief. He complimented second elder Zhao a few more times before sending him off.

Luo Shi stayed at the Luo family for a few days before returning to the Mo family.

Mo Cheng naturally wanted to ask about Luo Yan. The Luo family had caused such a huge commotion, so it was impossible for them to keep it a secret. Hence, Luo Shi decided to tell Mo Cheng what had happened.

Mo Cheng could not help but feel a chill run down his spine. He felt that Luo Pingsheng was even more ruthless than his father. Luo Yan was usually the most favored, yet he had killed her so easily.

When Luo Shi saw Mo Cheng's pale face, she comforted him gently, "Darling, my father has no choice. If we do not give the Zhao family an explanation, the Zhao family will definitely exterminate the Luo family."

Mo Cheng nodded and said against his will, "I understand. Father-in-law was forced to do so."

When Luo Shi saw how timid Mo Cheng was and recalled the incident with the two concubines, she began to despise Mo Cheng. She originally felt that Mo Cheng was quite good-looking and had a good family background, so she thought of a way to climb into his bed, she never expected that he was becoming more and more useless. He was truly useless!

If she had known this would happen, she would have left with that enemy. That enemy was extremely bold. Perhaps, he had already made a name for himself..

Mo Cheng noticed Luo Shi's indifferent expression and asked in puzzlement, "Qiaoyun, what are you thinking about?"

Luo Shi said in a slightly flustered manner, "Ah, I'm thinking about the seven-star lucky card. Now that Fangcao isn't married, it looks like the money tree still has to be under her control."

Mo Cheng did not doubt him as he sighed and said, "Now, father is placing more and more trust in that rebellious daughter. Unless she marries someone in the future, the seven-star lucky card will not be ours."

"I heard from my father that although Zhao Lizhi is dead, there are still other unmarried men in the Zhao family. In a few days, the Zhao family will come to propose marriage. We will think of another way," said Luo Shi in a lowered voice.

Mo Cheng's eyes lit up. "Really? That's great! When the time comes, I will definitely snatch the seven-star lucky card. We will accumulate more assets. Even if the Mo family is really finished, we will not have to worry about food and drink."
