

The Yun Family's Ninth Child is an Imp! Chapter 2018

Mo Cheng Glared at her. "Scram to the side! It's all because of you, the troublemaker. If not, why would there be so many things happening? !"

Yun chujiu curled her lips. "Father, you will not say that in a while. You will still thank me! Hei Shi, bring second aunt's old acquaintance here!"

Luo Shi's heart sank. She had an extremely ominous premonition. No, that's impossible. It definitely could not be hua lang. With his high spiritual energy, he definitely would not be captured by that slut, Mo Fangcao. Definitely not.

However, when she saw the person Hei Shi had imprisoned, her head buzzed. How was that possible? How did hua lang end up in the hands of that slut, Mo Fangcao?

As the Luo family did not live in Feng Li City before they made their fortune, Mo Cheng did not know Zhang Hua. He snorted coldly and said, "How unreasonable! Qiaoyun, do you know him?"

Luo Shi tried her best to remain calm, but her voice was still trembling as she said, "He, he was my former neighbor."

"TSK TSK, second aunt, is it as simple as just being a neighbor? I heard that the two of you are childhood sweethearts!" Yun Chujiu said with a smile.

Luo Shi saw the suspicious expression on Mo Cheng's face, she hurriedly said, "Darling, although we played together when we were young, we broke up when we grew up. Fangcao, even if you hate me, you should not have captured an innocent person. You have really gone too far!"

When Mo Cheng heard Luo Shi's words, coupled with the fact that he subconsciously did not wish to think of the worst, he roared, "Unfilial daughter, Scram!"

"Father, don't be in such a hurry to make me scam. Take a good look at this person's appearance. Don't you have any other thoughts?" Yun Chujiu said with a chuckle.

Mo Cheng looked at Zhang Hua reluctantly. In order for him to see clearly, Hei Shi had specially raised Zhang Hua's head.

Mo Cheng felt that Zhang Hua's face looked familiar. Could it be that he had seen him before?

"Father, don't you think that Zhang Hua looks very similar to my brother Jun Chen? TSK TSK, they look exactly the same. Don't you think it's a coincidence?" Yun Chujiu said.

Upon hearing this, Mo Cheng subconsciously turned to look at Mo Junchen before turning to look at Zhang Hua. After looking at him a few times, his head buzzed and he nearly fainted.

He had originally thought that Mo Junchen looked more like Luo Shi, but he never expected that he would actually follow this adulterer!

He then looked at Mo Fanghua. Although she had 70% of Luo Shi's looks, her slightly raised phoenix eyes were exactly the same as Zhang Hua's!

"Slut! You, you, I'm going to kill you!" Mo Cheng kicked Luo Shi to the ground and gave her a few tight slaps.

"Darling, I'm being wrongly accused! That Slut is spouting nonsense!" Luo Shi no longer had the time to act as though she was committing suicide as she explained while crying.

Mo Cheng was not willing to listen to her explanation. Now that the evidence was conclusive, there was no need to interrogate her. Zhang Hua's face was the best proof.

"Luo Qiaoyun, you, you slut! No Wonder You took the initiative to climb into my bed. It turns out that you wanted me to be your father! I'm going to kill you!"

Yun chujiu nearly burst out laughing. Be Your Father? What an image!

Everyone present was stunned by this turn of events!

Luo Pingsheng knew a thing or two about this matter, but he never expected Yun Chujiu to actually capture Zhang Hua. He immediately knew that he was doomed!

Mo Fanghua and Mo Junchen were even more incredulous. They were actually the children of Luo Shi and this adulterer? How, How was this possible?

“Mo Fanghua! You are spouting nonsense! You Slut! You will die a horrible death!” Mo Fanghua cursed hysterically as she pounced at Yun Chujiu. The dagger in her hand stabbed straight at Yun Chujiu’s chest.
