

The Yun Family's Ninth Child is an Imp! Chapter 2020

After the Luo family's matter came to an end, Mo Peng and Mo Chang ran to Mo Xiaoting's study room with extra diligence. They were both drooling over the Luo family's shop and wanted to fight for a few more.

Mo Xiaoting was extremely disappointed in them, so no matter how hard they tried to persuade him, he did not relent.

As for Mo Cheng, perhaps he had suffered a huge blow, so he did not return to Jin Chuan City. Instead, he spent most of his time drunk in the Old Mo residence.

Yun Chujiu secretly said to Mo Fangqin, "Third sister, now is the best opportunity for Aunt Qiu to rise to the top. If she can give birth to another fat boy, the day of your marriage will be just around the corner.

Whether the two of you can turn the tables will depend on this one time. If you miss this opportunity, Mo Cheng will find a new wife. The two of you will be in deep trouble again."

Mo Fangqin immediately ran over to Aunt Qiu's place and began to put on a bitter love scene.

After persuading Mo Fangqin, Yun Chujiu hopped over to look for Mo Xiaoting, "Grandfather, How's the recruitment of Talisman Masters going?"

“It’s going well. After all, the price we offered is second to none in the Western continent,” Mo Xiaoting found Yun Chujiu pleasing to the eye and was very amiable.

“Has the Zhao family made any moves? Logically speaking, since we’ve destroyed the Luo family, they should have made some moves. Why haven’t they made any moves?” Yun Chujiu asked in confusion.

“According to the spies, the Zhao family is doing as usual. They are probably waiting for Zhao Lizhi’s 100 days to pass before they do anything!” Mo Xiaoting guessed.

Yun Chujiu blinked her eyes. She could roughly guess what the Zhao family was thinking.

The Zhao family was already unhappy with the Luo family because of Zhao Lizhi. Since the Luo family had already been destroyed, there was no point in them coming to interrogate them. So, it was better to wait for Zhao Lizhi’s 100th day to pass and marry her.

As for the Mo family, it didn’t matter to them. They could continue to cooperate with the talisman business.

“Grandfather, there are still nearly three months before Zhao Lizhi’s 100th day. I want to go to the fallen Phoenix Forest to train. After all, I’m too weak right now,” Yun Chujiu said with a smile.

Mo Xiaoting frowned, "Fangcao, you have a heavenly lightning spiritual root. The higher your spiritual power, the stronger the power of the Tian Dao to kill you. You should stop training."

"Grandfather, training is against nature. It won't be easy for the Tian Dao to kill me." "Besides, even if I don't train, I can't guarantee that the Tian Dao won't kill me. Why don't I increase my spiritual power so that I can withstand a few more bolts of lightning?"

Mo Xiaoting noticed Yun Chujiu's firm attitude and knew that even if he didn't agree, Yun Chujiu would think of a way to get him to agree. So, why did he have to make her unhappy? Besides, if her spiritual power was higher, it would be good for the Mo family if she ever returned to the east continent.

"Alright, since you insist, you must be extremely careful! Although there are many demonic beasts on the outskirts of the fallen Phoenix Forest, it's not too dangerous. However, you must not go near the center of the fallen Phoenix Forest."

"Why? Is it because the level of the demonic beasts inside is high?"

"That's right. It is said that the center of the fallen Phoenix Forest is the Nirvana Land of the ancient Divine Phoenix. It has a fatal attraction to fire-type demonic beasts. Many high-level demonic beasts gather inside, so it is extremely dangerous."

“Ah, is that so? Grandfather, don’t worry. I am very afraid of death and will not enter,”Yun Chujiu said confidently.

“OK, I’ll send a team of guards to protect you!”Yun Chujiu was now Mo Xiaoting’s money tree and military advisor. Mo xiaoting naturally cared about her safety.
