

The Yun Family's Ninth Child is an Imp! Chapter 2029

Hei Shi and the others' faces were stiff. To be able to make a demonic beast faint out of anger was probably unprecedented! This was too abnormal!

In fact, the violent wind-blade bear was not completely angered by Yun Chujiu. It was huge, and after chasing Yun chujiu for so long, its physical strength was somewhat exhausted. In addition, although the little piglet's bite was not fatal, it gathered a lot of spiritual energy, it also lost a lot of blood, and coupled with the anger attacking its heart, it fainted.

Seeing that the violent wind-blade bear fainted, Yun Chujiu walked in front of it and pouted, "No wonder people say that stupid bears are stupid bears. This bear is really stupid! I didn't say anything, why did it faint from anger? Its ability to resist pressure is too weak!"

Hei Shi and the others lit a candle for the violent wind-blade bear. It could not escape from the little pervert's claws!

After a while, the wind-edge bear woke up and saw Yun Chujiu saying with a smile, "Little Bear Bear, come, let's continue fighting for 300 rounds!"

The wind-edge bear remembered its bald head and looked at the spots on its body. It roared and pounced on Yun Chujiu.

The Man and the bear started fighting again. This time, the wind-edge leopard bear had learned its lesson. When Yun Chujiu released the piglet of spiritual power, it used the wind blade to hit and Dodge at the same time to prevent the piglet of spiritual power from getting close to it.

It thought that if that was the case, Yun Chujiu would not be able to do anything to it. It did not expect Yun chujiu to have a small needle of spiritual power!

Although the small needle of spiritual power was not enough to kill it, it would burn off a small tuft of its fur after it exploded. The wind-blade bear saw that the fur on its body was becoming less and less, and it was on the verge of collapse! This bear does not want to run naked! WUUU, this bear does not want to run naked!

Another two hours passed, and the violent wind-blade bear fainted on the ground again. This time, it was even worse than the last time, with only one-third of its fur remaining. It was simply too horrible to look at.

Hei Shi and the others silently made up their minds. They absolutely could not offend this little ancestor. This fellow was really too abnormal!

After the violent wind-blade bear woke up this time, it did not pounce on Yun Chujiu. Instead, it staggered and turned around to run. It could not beat her, but it could not avoid her? This wretched girl was too perverted. If it continued to fight, the last bit of fur on its body would be burned away by her!

Yun chujiu looked at its back and said faintly, "Little Bear Bear, I have a hair growth pill here. After applying it, I guarantee that you will grow a new body of fur in three days. Do you want it?"

The Violent Wind-blade Bear's heart sank into a painful dilemma. In the end, it came back obediently because it really did not want to run naked. If this image was seen by other female bears, God.., it could only be a bachelor for the rest of its life.

Hei Shi and the others lit a candle for the violent wind-blade bear. It was indeed a stupid bear. Did you think that this little pervert's medicinal pill was so easy to obtain? Just you wait and regret it!

As expected, in the next two days, the violent wind-blade bear became Yun Chujiu's sparring partner. The last bit of fur on its body was burned away, and it completely became a bare-bottomed bear!

The wind-edge bear wanted to cry, but it had no tears. Unfortunately, it had already boarded the pirate ship, so it could only hope that Yun chujiu was not lying to it, and that in the end, she could really give it the hair-growing pill.

On the morning of the third day, Yun Chujiu took out two bottles of hair-growing pills and said to Hei Shi and the others, "You guys apply this hair-growing pill on the bear, or else it will be a waste of its clumsy hands."

Hei Shi and the others felt as if their hearts were going to explode!

Apply hair-growing pills on the violent wind-blade bear?

What a joke!

What if the violent wind-blade bear became violent and attacked them?
