

The Yun Family's Ninth Child is an Imp! Chapter 2032

An Feng kept the talisman and accompanied Yun chujiu to the depths of fallen Phoenix Forest.

The deeper they went, the higher the temperature. An Feng's clothes were soaked in sweat, but Yun Chujiu was fine. Occasionally, she was in the mood to pick wild fruits and eat them.

An Feng could not help but curse in his heart. Evildoers were indeed evildoers!

"Little Lunatic, I'll give you something good. I guarantee that you won't be hot anymore." Seeing that an Feng was extremely hot, Yun Chujiu took out a bead made from guai Cao and handed it to an Feng.

An Feng immediately felt a cool sensation when he held it in his hand. He could not help but click his tongue in wonder. Although Miss Jiu was a disaster-prone person, she really had a lot of treasures on her!

An Feng released the pressure on his body, and many demon beasts avoided him. The two of them traveled smoothly and soon arrived at the center of fallen Phoenix Forest.

The plants and trees here were also different from those in the outer area. They were all heat-resistant species, and even the soil on the ground was crimson red.

“Little Lunatic, just wait for Me Here! Anyway, we have a voice transmission talisman, so we can contact each other at any time,” Yun Chujiu said to An Feng in a low voice.

An Feng could only nod his head and give some instructions. Then, he jumped onto a thick tree and waited.

Yun Chujiu did not immediately activate the Shadow Escape Talisman. She still had to save this thing to save her life, so she decided to take a look first.

The strange thing was that after Yun Chujiu had walked for almost an hour, she did not encounter a single demon beast. This area was very quiet, and there was even a bit of strangeness to it.

Yun chujiu felt even more uneasy. If something was abnormal, there must be a demon. Something must have happened, and it might be related to the thing that Xiao Hei was looking for.

After walking for a while, there were faint roars of beasts and cries of demonic birds. Moreover, there were quite a number of them. Could it be that the demonic beasts and demonic birds had gathered together? Were they having a meeting?

Yun chujiu was even more cautious. Finally, she saw many demonic beasts gathered in front of her through the gaps in the trees. There were also many demonic birds on the branches.

Yun chujiu suddenly remembered a very important question, she scolded Xiao Heiniao, "Xiao Hei, you idiot! The Shadow Escape Talisman is only useful for demonic beasts below level 37. The demonic beasts here are definitely more than level 37. What's the use of this damn thing?!"

Xiao Heiniao was scolded until it shrunk its neck, it rolled its bean-like eyes and said, "Master, I was indeed careless in this matter! "However, you are such a smart person, how can you use the Shadow Escape Talisman? As long as you use your intelligence, you will definitely be safe and sound. Master, I believe in You!"

"Bah! Flattery is useless. is the thing inside really important to you?"

"It is very, very important. Obtaining that thing is equivalent to me cultivating for at least a thousand years," Xiao Heiniao said seriously.

"Alright, since that's the case, I'll go all out. If I Die, you won't be able to recover either!" Yun chujiu gritted her teeth and said.

"The Scourge lives for ten thousand years. Master, you'll definitely be fine!" Xiao Heiniao flapped its short wings and said obsequiously.

"Get lost!"

Yun chujiu blinked her eyes and no longer deliberately hid her figure. She swaggered forward.

Soon, some demonic birds and beasts noticed Yun chujiu, but for some reason, they did not attack Yun Chujiu.

Yun Chujiu's heart skipped a beat, and she continued to hop forward.

One after another, the demonic birds and beasts issued warnings, but Yun Chujiu continued to hop forward as if she did not hear them.

Finally, Yun Chujiu walked to the front of the group of demonic beasts and widened her eyes in surprise..
