

The Yun Family's Ninth Child is an Imp! Chapter 2047

When they were almost at the edge of the fallen Phoenix Forest, di beiming stopped in his tracks. "Little Jiu, I'm leaving, you..."

"I know, I know, I'll definitely cultivate properly. I Won't slack off, and I won't do something stupid like going deep into danger again!" "Prince Charming, you have to protect yourself well. If you have any more scars on your body, it won't feel good to touch it!"

"Shut up!" Di Beiming's ears were slightly red. The black thing's words sounded as if she had touched it before! Alright, she seemed to have touched it before..

An Feng saw that his honored master's ears were getting redder and redder. He sighed in his heart. They were all men who flirted with women, but when it came to his honored master, she was always being teased by Miss Jiu. Honored Master, CAN'T YOU BE A little more thick-skinned?

"Alright, Alright, I won't say anymore. In short, you have to be more careful. You Can Go!" Yun Chujiu said with a smile.

Di beiming nodded and disappeared in a few flashes.

Yun Chujiu kicked the soil on the ground, feeling a little down. She had never found the feeling of separation so annoying in the past. Why did she feel so depressed now? She really wanted to cry?

An Feng saw that Yun chujiu was in a low mood, so he did not urge her. Instead, he stood aside and waited.

Yun Chujiu's self-adjustment ability was very strong. A moment later, she was fully recovered. Wasn't there a saying? The separation now was for the next reunion. She had to become stronger as soon as possible, this way, she could be together with the gigolo earlier.

"Little Lunatic, let's keep a distance. Maybe we will meet someone else at the periphery of fallen Phoenix Forest." Yun chujiu thought for a moment and said to an Feng.

An Feng nodded in agreement and followed Yun Chujiu from a distance, continuing to walk out.

At this moment, Hei Shi and the others outside of fallen Phoenix Forest felt a chill run down their spines.

It had been almost four days, why hadn't the little ancestor come out yet? Could it be that she had really been eaten by a demonic beast? Also, could it be that the heavenly lightning that had struck her for a few hours earlier had struck her?

Heavens, even if she hadn't been eaten by a demonic beast, she definitely wouldn't be able to live after being struck by such a brutal heavenly lightning for a few hours!

Hei Shi and the others felt a little sad. Although they had not followed Yun chujiu for a long time, they still recognized her as their master. They did not expect her to die at such a young age. It was such a pity.

Hei Shi and the others discussed for a while and decided to wait for another three days. If there was still no news from Yun Chujiu, they could only return to the Mo residence to report.

At this moment, they heard someone clearly say, "We haven't seen each other for a few days. Why are all of you looking haggard?"

Hei Shi and the others looked at the person who spoke in surprise. If it wasn't the little ancestor, who was it? !

"Miss, you're back? That's great! We thought that you, you wouldn't be able to come back." Hei Shi said in surprise, even forgetting to use the honorific title.

"I've said that I never do things that I'm not confident in. My life is very tough. Even the heavens wouldn't be able to kill me. Let's go back to Feng Li City." This fellow selectively forgot about his shameful black history, he said proudly.

Hei Shi and the others excitedly called out their flying spirit tools. The group boarded the flying spirit tools and headed straight for Feng Li City.

“Listen up, we’ve been training in the outer area of fallen Phoenix Forest this time. Do you understand?” Yun Chujiu said seriously.

Hei Shi and the others knew that she said this to avoid unnecessary trouble. They nodded one after another. “Yes, miss. We’ve been training in the outer area this time. The highest level of the demonic beasts you’ve killed is only level 27.”

Yun chujiu nodded in satisfaction and then adjusted the level of her spiritual power to level four of the spiritual venerable realm. This fellow wanted to increase it a little more, but he was afraid of arousing the suspicion of others, so he could only increase it by two levels first.

Hei Shi and the others were dumbfounded. How could this little ancestor’s spiritual power level change so easily? When did it become so easy to break through?
