

The Yun Family's Ninth Child is an Imp! Chapter 2048

Although Hei Shi and the others were full of questions, they did not dare to ask. This little ancestor was simply unfathomable. It was better to be tactful!

Two hours later, the flying spirit tool arrived outside of Feng Li City.

Yun chujiu brought Hei Shi and the others down from the flying spirit tool and entered Feng Li City.

The Luo family had been destroyed by the Mo family. Now, the Mo family was the dominant family in Feng Li City. In addition, it was said that Yun Chujiu was the most beloved granddaughter of the Mo family head. Therefore, along the way, many people bowed and bowed to greet yun chujiu.

Yun chujiu smiled in greeting. The onlookers felt that this miss fang Cao was very friendly and did not put on airs. As expected, she received a lot of good reviews.

Hei Shi and the others followed behind with stiff faces. Their miss was most likely good at acting. Her acting was simply superb.

Finally, the group returned to the Mo residence.

Yun chujiu hopped over to see mo xiaoting, "Grandfather, grandfather, I'm Back!"

"That's right. You have indeed improved. You should go back and rest now that you've just returned," Mo Xiaoting said absent-mindedly. It was obvious that he had something on his mind.

Yun Chujiu's heart skipped a beat. Did this old Fox change his mind again? Logically speaking, it shouldn't be. After she killed Zhao Lizhi, the grudge between the Mo family and Zhao Lizhi was settled. There was no way they could work together. What exactly happened?

"Grandfather, did something happen? Tell me, maybe I can help you think of a solution!" Yun chujiu never knew what was reserved. She simply sat down on the chair.

Mo xiaoting glanced at Yun Chujiu and said after a moment of silence, "A few days ago, I received news that the Zhao family has already helped us solve the problem."

Yun chujiu knew that there were still conditions. The Zhao family would not help for no reason. As expected.., mo xiaoting sighed and said, "The Zhao family said that they have helped us a lot. From now on, the Lucky Seven Star card business will be taken over by the Zhao family. We are not allowed to run a similar business."

“What? Isn’t this too shameless? ! What’s the difference between this and robbery? ! Grandfather, are you willing to do this?” Yun Chujiu was furious. The Mo family was even more shameless than Mo Xiaoting.

Mo Xiaoting sighed, “A small arm can’t beat a thigh. What can we do if we aren’t willing to accept this? ! No matter what, the matter with the Zhao family has been resolved. Let’s just pretend that we have never done business with the Lucky Seven Star Card.”

“Grandfather, even though you say that, the Mo family is so greedy. They won’t make any other requests in the future, right?” “You’d better shut them up and make them promise that after they take over the business of the lucky seven-star card, they won’t covet our other businesses.”

Yun Chujiu was angry, but she knew that the Mo family was a giant compared to the Mo family. There was no way they could resist.

Mo Xiaoting sighed, “That’s all we can do. You should go back and get some rest. We can discuss the details tomorrow.”

Yun Chujiu nodded her head and returned to Tinghe Xuan unhappily.

It wasn’t that she didn’t want to part with the seven star Lucky Card, but she once again felt weak.

The Zhao family could be dealt with with a single sentence and the Mo family's money tree could be dug out with a single sentence. If there was ever a day when she didn't like Mo Xiaoting, killing her would be a piece of cake.

No, they could not allow this to happen. Mo Xiaoting's tree was like a piece of Gouwei Bacao in front of the Mo family. Before she was strong enough, she had to find another tree to enjoy the cold, or, she had to find a protective talisman. Even the Mo family did not dare to touch her protective talisman.
