

The Yun Family's Ninth Child is an Imp! Chapter 2064

Yun chujiu quickly took out another voice transmission talisman, "Prince Charming, what's wrong with you? Answer me quickly, don't scare me!"

"Prince Charming, if you receive a voice transmission talisman, reply me, even if it's just a 'yes'."

"Gigolo! You Bastard! What's wrong with you? Quickly say something!"

..

There was still no response from di beiming. Yun chujiu panicked and quickly sent a voice transmission talisman to an feng, "Little Lunatic, quickly send a voice transmission talisman to the gigolo. I think something happened to him!"

An Feng panicked when he received Yun Chujiu's sobbing voice transmission talisman. He quickly took out the voice transmission talisman to contact di beiming, but there was still no reply.

An Feng's heart sank. Did His Excellency not care about replying or did something really happen?

An Feng did not care about the fact that the Mo residence was brightly lit and risked being exposed to look for Yun Chujiu.

Yun chujiu was frantically sending voice transmission talismans to di beiming, one after another. If she did not do this, she felt that she would go crazy!

Only in this way would she not have the time to let her imagination run wild.

“Miss Jiu, what is going on?” An Feng knocked Mo Fangqin and the two handmaidens unconscious. At this moment, he could not care too much.

Yun chujiu told him what had happened. An Feng suddenly had a bad premonition. A moment ago, he was still sending voice-transmitting talismans. In the next moment, he did not respond. Moreover, he even said something. Could it be that his excellency was really in danger?

On the other side, after di beiming fainted, the voice transmission talisman in his storage ring vibrated non-stop. Finally, he managed to open his eyes and sent his supernatural awareness into the voice transmission talisman in his hand, yun Chujiu’s sobbing voice came from inside, “Gigolo! If you don’t reply, I will make you a cuckold!”

Di beiming was already at the end of his rope. It was hard for him to even raise his hand. After hearing this, he did not know where his strength came from. He picked up the voice transmission talisman and said, "Black Thing, how dare you? !"

Yun chujiu saw one of the voice transmission talismans start to tremble. She almost thought that she was hallucinating. After picking up the voice transmission talisman, she heard what di Beiming said.

Yun chujiu was even more certain that di beiming must have been seriously injured. Otherwise, the gigolo would have roared fiercely. His tone now sounded weak.

"Prince Charming, are you seriously injured? Do you remember the wooden box I gave you last time? Open it quickly. There are good things inside that can treat injuries. Hurry!"

Di beiming received Yun Chujiu's voice transmission talisman. Only then did he remember that the last time they met, Yun Chujiu had mysteriously given him a wooden box. At that time, she did not let him open it. Later on, he had forgotten about this matter.

Di beiming finally took out the wooden box. It took him a long time to open the lid of the wooden box. There were ten ancient green jade bottles inside.

Di beiming used all his strength to pick up an ancient green jade bottle. After removing the stopper, he was stunned!

It was actually... it was blood!

Di Beiming's eyes turned red! He knew that this must be Yun Chujiu's blood! She... she actually... Di beiming could not describe his feelings at this moment, and tears flowed down his face.

Di beiming picked up the porcelain bottle and drank the blood inside. The effect was almost immediate, and di beiming immediately felt that his injuries had lessened a lot.

He did not continue to drink, but solemnly put away the wooden box.

Di beiming took out the voice transmission talisman. He had a thousand words in his heart, but he only said one sentence, "Little Jiu, I, di beiming, swear to the heavens that if I betray you even the slightest bit, my soul will scatter and fall into Hell Forever!"
