

## The Yun Family's Ninth Child is an Imp! Chapter 2066

Yun Chujiu was ready. She led Hei Shi and the others to Thousand Feet Mountain. An Feng naturally followed them from a distance.

Six hours later, Yun Chujiu and the others arrived in the sky above thousand feet mountain.

Yun chujiu originally thought that thousand feet mountain was just a mountain. She didn't expect it to be a mountain range that stretched for hundreds of miles. Bai Li and the others were surprised.

"Hei Shi, other places are filled with white fog, but why is there black fog there?" Yun chujiu pointed to a place below and said.

"Miss, that is the famous poisonous miasma forest. The miasma inside is very overbearing. Even if it contains the detoxification pill, it is impossible to get close to it. Therefore, there is a place of death where there is no return."

Place of death?

Yun chujiu felt that that should be Gou Weiba's dining place. She might as well go there to take a look before the trial ended. Who knows, there might be some good treasures inside.

After the flying spirit tool landed, Yun Chujiu looked around.

The scenery of the thousand feet mountain was not bad. The birds sang and the flowers were fragrant. If she did not know that there were powerful demonic beasts inside, she would really think that this was a paradise.

Just as Yun Chujiu was about to call everyone in for a trial, another flying spirit tool flew over from afar.

After the flying spirit tool landed, the leader was five young men and women, followed by twenty followers.

Yun chujiu glanced at the followers' clothes and her eyes flashed. It was really a narrow road for enemies. They were actually from the Zhao family.

boxn ov el. c o m

The five young men and women were obviously led by a girl in red. The girl in red sized up Yun chujiu with a trace of jealousy and viciousness in her eyes.

This stinky girl's spiritual power was so low. How could she be worthy of such a face? What a waste!

“Who are you people?” One of the girls in pink clearly understood the thoughts of the girl in red and decided to find out.

Hei Shi and the others naturally did not dare to answer without permission. Moreover, they also knew that the Mo family and the Zhao family had a feud. It was better to not bring it up.

Yun chujiu glanced at the girl in pink and said indifferently, “We are from Xichuan city. Our family does some small business. It’s not worth mentioning.”

When the girl in red and the others heard that Yun Chujiu and the others did not have any background, they could not help but become even more arrogant. They did not continue to chat with Yun Chujiu and the others and directly entered the mountain.

After those people walked far away, hei shi said, “Miss, those are people from the Zhao family. Why don’t we go somewhere else! Anyway, there are many mountains in this thousand feet mountain, it’s not like this mountain is necessary.”

“Why do the Zhao family have so many people? ! I like this mountain, let’s Go!” The reason why Yun Chujiu was obsessed with this mountain was not because she wanted to cause trouble, but because the poisonous miasma forest was at the very center of this mountain.

Hei Shi and the others did not dare to say anything else, so they could only follow Yun chujiu into the mountain.

After Yun Chujiu broke through to the first layer of the Ling Xuan realm, she had yet to test its power, so when she saw a thirty-first level thousand feet earth shattering bear, she was extremely excited.

“Little Bear, come on! Come over and spar with me for a bit.”

Hei Shi and the others were already powerless to complain. The little ancestor probably only knew three kinds of animals: kittens, puppies, Little Bear..

The thousand-feet earth-shattering bear was also dumbfounded. This human little girl was overestimating herself, wasn't she? A fourth level spiritual venerable dared to challenge it? She was really courting death!

The thousand-feet earth-shattering bear's eyes were full of contempt. It rushed towards Yun Chujiu and slapped her with its huge paw.

Then, the thousand-feet earth-shattering bear realized, eh? Where was that little girl?
