

The Yun Family's Ninth Child is an Imp! Chapter 2071

Hei Shi and the others did not dare to underestimate Yun Chujiu's four Silly Cuties. They had the same kind of master as their spiritual pets. It turned out that these people were also pretending to be pigs to eat Tigers.

"Miss, although we have destroyed the Zhao family's corpses, the Zhao family will soon come to look for them. We have to leave this place as soon as possible," Hei Shi said.

Yun chujiu nodded. "What you said makes sense. However, I have to go to a place before I can return to the Mo residence."

"Where?"

"A good place, the poisonous miasma forest," Yun Chujiu said slowly.

Hei Shi almost fell to the ground!

A Good Place?

Are you sure you are not talking nonsense?

The poisonous miasma forest was a place of death where there was no return!

“Miss, you can’t go to the poisonous miasma forest. Not to mention going inside, even people at the edge of the forest will feel Dizzy.” Hei Shi was so anxious that he almost cried. This was simply courting death.

“I’m just going to take a look. If I sense something bad at the edge of the forest, I’ll come back. I’ll go in with the little lunatic. You guys wait for us at the mountain pass next to the mountain in case the Zhao family comes to look for us.”

Seeing that Yun Chujiu had made up her mind, Hei Shi could only lead his subordinates away with a sad face.

An Feng naturally wouldn’t worry about Yun Chujiu, because the unlucky one would be the poisonous miasma forest!

An Feng accompanied Yun chujiu to the poisonous miasma forest. Some of the high-level demon beasts along the way were intimidated by an Feng’s pressure and avoided him. Therefore, the two of them arrived at the edge of the poisonous miasma forest very smoothly.

Although an Feng was wearing the gas mask that Yun Chujiu made herself, he still felt a little dizzy.

Seeing that an Feng was a little uncomfortable, Yun Chujiu said, "Little Lunatic, don't go in. I'll come out to look for you after I give Guai Cao some more food."

An Feng had learned from his mistakes. Following him in would only cause more trouble. It was better for him to wait outside obediently.

After separating from an Feng, Yun Chujiu continued to hop into the poisonous miasma forest.

The Guai Cao in his Dantian was so happy that it was about to smoke. What a fragrant smell! Babies love poisonous good things. It's really too fragrant!

Yun Chujiu sized up the trees as she walked. She originally thought that the trees in the poisonous miasma forest were poisonous, but she realized that these trees were not poisonous. Then where did the miasma come from?

Yun Chujiu carefully continued to walk in. She realized that the deeper she went, the thicker the miasma became. That meant that the source of the miasma should be inside.

An hour later, Yun chujiu found the source of the miasma. This guy was stunned! She did not expect that the source of such a large area of miasma was actually a small pond.

The small pond was only three feet square. Miasma was constantly coming out from it.

Just as Yun Chujiu was surprised, the guai Cao in her Dantian couldn't wait to express its desire to drink it.

Yun chujiu knew that if she didn't act quickly, the guai Cao would most likely seize control of her body, so she could only accept her fate like a little bastard and lay by the pool to drink the poisonous water.

At first, Yun Chujiu thought that it would take at least a few hours to absorb all the poison in the pool, but unexpectedly, the guai Cao quickly indicated that there was no need to continue drinking.

This fellow had Mao Mao Qiu take out a few fish and put them in the pond. The fish were still alive, which meant that there was no more poison in the pond.

Yun chujiu pondered for a moment. It was probably because the guai Cao had grown a few more leaves, so it could quickly extract the poison in the pond, thus shortening the time.

Yun chujiu stood up and felt that the miasma in the forest was beginning to weaken. It was estimated that it would dissipate completely soon.

This guy blinked his eyes. When he came just now, he realized that there were a lot of high-level spirit herbs in there. He wouldn't take advantage of a B * stard, so he picked them first.

Just as Yun Chujiu was about to turn around and leave, a light blue mist started to spread out from the pool. The mist condensed into the figure of a man. To be exact, it was the figure of a merman..

“Big Brother Merman?”Yun chujiu shouted in surprise. His deep blue eyes and long ink-like hair were clearly the form of a merman that she had not seen for a long time.

Yun chujiu was still able to distinguish between an illusion and reality. This was not an illusion.
