

The Yun Family's Ninth Child is an Imp! Chapter 2073

“Grandfather, although the Zhao family has temporarily stayed out of our way, Zhao Lizhi’s matter has always been a hidden danger. In addition, the Zhao family also has a backer in the immortal Yuan continent. When his backer sees that our family is making so much money, perhaps he will support the Zhao family. At that time, we will be in a passive position. Since that’s the case, why don’t We Strike First? !

If they were to fight the Zhao family, the Zhao family would not sit idly by. Even if it wasn’t easy to intervene on the surface, it wouldn’t be difficult for them to lend us some manpower in the dark and destroy the Zhao family.

Besides, grandfather, the Zhao family has given us plenty of time before. How could you let this go? After we destroy the Zhao family, the talisman business will belong to us. It will be a lucrative business!”Yun Chujiu had already thought of an excuse.

This person wasn’t worried that Mo Xiaoting would disagree. After all, they had already killed the person and the Mo family and the Zhao family had already become enemies.

Mo Xiaoting glared at Yun chujiu, “Although what you said makes sense, if you hadn’t created a mess, we could have arranged everything properly. But now, we have no choice but to do it.”

“Grandfather, we prepared in a hurry. The Zhao family is worse than us! Immediately arrange for a team to set up an ambush on thousand feet mountain. As soon as the Zhao family shows up, kill them.”.

“Also, immediately contact the Mo family and tell them what’s at stake. Try to get them to offer their help.” “Don’t worry, the Zhao family is very greedy. Of course, they don’t want anyone else to get a share of the profits.” “If the Zhao family agrees, then you can just tell them that and get rid of the Zhao family,” Yun Chujiu said with a smile.

Mo Xiaoting’s face stiffened. This idea was too devious. But, at this point, he had no choice but to follow Yun Chujiu’s instructions and contact the Mo family.

The Mo family’s reaction was similar to what Yun Chujiu had expected. They also felt that the Zhao family was a hidden threat. So, it was better to get rid of them first so that they wouldn’t steal the Mo family’s business in the future.

The Mo family immediately put on a show. Rumor had it that manager Liu was robbed by the Zhao family when he was passing through their territory!

Naturally, the Mo family would not let this go. So, they ordered Mo Xiaoting to lead the Mo family and the Mo family guards to surround the Zhao family.

Yun Chujiu, who liked to join in the fun, naturally followed. She stood beside Mo Xiaoting and enjoyed the show.

The Zhao family was in a mess. First, a few of their juniors disappeared for no reason, and the people they sent to thousand feet mountain to search for them were nowhere to be found! Following that, the Mo family's incident happened. They were naturally wronged. How would they have the guts to rob the Mo family's goods? !

After the Zhao family head's explanation was fruitless, he could only brace himself and start a fight with the Mo family.

The Mo family had come prepared. The Zhao family had accepted the battle in a panic. One could imagine the outcome.

Furthermore, the Mo family had a secret weapon, and that was Yun Chujiu's mouth.

"Hey! Zhao family, listen up. You guys are bullies and do all kinds of evil things. Even the heavens can't stand it anymore. You guys are dead for sure today!"

"I heard that those juniors of your Zhao family were all turned into ashes by the heavenly lightning in the Thousand Feet Mountain. This is karma! If you guys continue to resist stubbornly, you will only end up like those people."

"However, every injustice has its head and every debt has its owner. If you are not from the Zhao family, as long as you surrender, our Mo family will let bygones be bygones! Furthermore, we will provide you with a generous salary. I guarantee that you will have a better life than you have now!"
