

## The Yun Family's Ninth Child is an Imp! Chapter 2076

Feng Li city was hundreds of thousands of miles away from the southernmost region, so it would take at least half a month to reach it.

During this time, Mo Xiaoting had sent a voice transmission talisman to Yun Chujiu to ask her about some things. When he found out that she had gone to the southernmost region, he almost spat out a mouthful of blood.

“Fang Cao, you’re being ridiculous! Why did you go all the way to the training grounds?”

“Grandfather, I am not fooling around. On one hand, I feel that the beasts in the southernmost region are stronger. On the other hand, there are many unique products in the southernmost region. If they can be transported to other places to sell, they will definitely make a lot of money.” “So, I have decided to go investigate,” Yun Chujiu knew Mo Xiaoting’s weakness, as long as he could make money, everything else was easy.

As expected, Mo Xiaoting’s tone immediately softened, “Alright, since you are almost there, there’s no point in me saying anything. You must be careful and come back soon.”

After Yun Chujiu agreed, she pouted and put away her voice transmission talisman. This Old Fox was even more greedy than she was.

As they got closer to the southernmost region, the temperature also increased. Fortunately, everyone was a cultivator, so they could still tolerate it.

On this day, they arrived at Thunder City, which was the closest place to Thunder Disaster Valley.

Perhaps because of the hot weather here, the locals of thunder city generally had darker skin than people from other places. Their clothes were also very cool. The man was shirtless, while the woman revealed a small part of her waist.

Hei Shi and the others wanted to see but felt a little embarrassed, so they avoided looking at her in a funny way.

Yun chujiu curled her lips and said, "She's not shy at all, so what are you guys embarrassed about? ! What a disgrace!"

Hei Shi and the others blushed and stammered, not knowing what to say. However, they were much calmer. Occasionally, when they saw a beautiful woman passing by, they would glance at her.

An Feng followed them this time and did not hide in the dark. This guy did not dare to look around for fear that Yun Chujiu would report him to Jin Zhi in the future.

However, Yun Chujiu found something strange. Normally, Thunder City was just a small border town. She did not expect it to be full of people, and most of them were foreigners, were they planning to go to Thunder Disaster Valley to try their luck?

As she had just arrived, Yun Chujiu decided to stay in Thunder City first and then inquire about the situation in Thunder Disaster Valley before making plans.

Although Yun Chujiu was greedy for money, she would not criticize herself and her companions for the expenses. She found the largest inn in Thunder City and wanted to book five upper-class rooms, unexpectedly, the fat shopkeeper shook his head. "Miss, I'm really sorry. All our rooms have been booked. There are no more empty rooms."

Hei Shi and the others heard this and were about to turn around and leave when Yun chujiu stretched out two fingers. "I'll pay double!"

The fat shopkeeper looked troubled. "Miss, there really isn't..."

"Five times!"

"Alright, Alright. If you don't mind, I'll make room for you in the backyard. Although it's not a superior room, it's more peaceful to have a separate courtyard. What do you think?"

For the sake of money, the fat shopkeeper went all out. He decided to sleep on the floor in the lobby. As for his wife and children, he would just go back to his mother's house.

"Sure, let's go out for dinner first. You can vacate the place. These five thousand upper-grade spirit stones will be the deposit." Yun Chujiu said as she passed the spirit stones to the fat shopkeeper.

The fat shopkeeper smiled like a flower. He nodded and bowed as he sent Yun Chujiu and the others out of the inn.
