

The Yun Family's Ninth Child is an Imp! Chapter 2078

The fat shopkeeper looked troubled. "Young master, there is a first come, first served rule. How can I chase those customers out?"

"First come, first served? I was the one who came first, okay? Do you want to chase them out or not? If you don't, I will have your shop smashed today."

The fat shopkeeper's forehead was full of sweat. When he raised his head, he saw Yun Chujiu who was watching the show in front of the crowd. As if she saw her savior, she ran over.

"Miss, this miss, I reckon that you've seen it. Can you discuss it with me?" "I'll return the deposit to you and compensate you with an additional five thousand upper grade spirit stones. You can let this young master stay in the backyard." The fat shopkeeper felt that Yun chujiu was easier to talk to, he would rather lose money to avoid disaster.

"Shopkeeper, do you think that I'm a little girl who's easier to bully? The room that I've paid the deposit belongs to me. Why should I let it go?" Yun chujiu looked at the fat shopkeeper and said with a smile that was not a smile.

The fat shopkeeper was not able to say a word. He was indeed unreasonable in this matter, but that young master looked like a bully. What if he really smashed the inn? !

When Diao Shaoyan's triangular-eyed follower heard Yun Chujiu say so, can not help but sarcastic voice: "A spirit of the fourth level of waste, you have what qualifications and our young master on the same level?"? Not to mention the shopkeeper giving you an extra five thousand spirit stones, even if he doesn't give it to you, you still have to obediently make room for our young master."

Yun Chujiu didn't even look at the attendant, but said to the fat shopkeeper, "Shopkeeper, it's not that I'm criticizing you, but the most important thing in doing business is honesty. I've already paid the deposit, so there's absolutely no reason for you to push me out."

"As for those who want to cause trouble, we can't be afraid of things when we open our doors to do business. If a strong dragon doesn't suppress the local snake, what are you afraid of as a local? "Could it be that the people of Thunder City are watching you being bullied and no one comes out to support justice? "Are the people of Thunder City that cowardly?"

More than half of the people who were watching the show were local people. Upon hearing Yun Chujiu's words., those who were related to the fat shopkeeper all shouted, "That's right, bullying us locals in our thunder city is too arrogant! Shopkeeper, you don't have to be afraid. At most, we will help you take care of them."

Those who were watching the show never thought that it was a big deal. Even some people who were not from thunder city also jeered, "That's right, that's right. Do you really think you are some kind of person? ! You actually came to Thunder City to be the king and the Overlord. You really overestimate yourself!"

Seeing this, Diao Shaoyan could not help but glare at Yun Chujiu viciously. Then, he took out the sound transmission talisman and sent a message to someone. Then, he waited with a cold smile on his face.

Not long after, an old man came in from outside the crowd. Everyone was intimidated by the pressure on the old man. Some of them had low cultivation and even trembled slightly. This old man's spiritual power was really unfathomable.

"Second young master, what happened?" The old man walked to Diao Shaoyan's side and asked respectfully.

Diao Shaoyan curled his lips. "These country bumpkins want to gang up on me. This stinky girl is the main culprit. It was all instigated by her."

As soon as the old man appeared, an Feng was on guard. He could not see the level of the old man's spiritual power, but there was one thing that was beyond doubt. The old man's spiritual power level must be much higher than his, at least at the fifth level of the spiritual void tier.

The old man coldly glanced at the crowd that was watching the show. Those people couldn't help but step back. Although Hei Shi and the others' legs trembled slightly, they still stood behind Yun chujiu with gritted teeth and didn't step back.

The old man looked at Yun Chujiu again. When he saw that Yun Chujiu's expression was normal, he couldn't help but be stunned. This little girl was only at the fourth level of the spiritual venerable tier, how could she withstand his pressure? It was really strange.
