

The Yun Family's Ninth Child is an Imp! Chapter 2082

Hei Shi and the others could no longer tell if an Feng was acting or not. They nodded blankly and watched as an Feng entered the Thunder Disaster Valley.

In fact, the Thunder Disaster Valley's entrance was not too dense with lightning. If one's spiritual power was high enough, they could still escape unscathed if they entered for a short period of time.

After an Feng entered, he saw that Yun Chujiu was skipping into the valley. An Feng could not help but twitch the corners of his eyes. He knew that this little ancestor would be fine.

An Feng thought of an excuse and then retreated.

Hei Shi and the others immediately surrounded him. "How is it? Where's miss?"

An Feng let out a long sigh. "I didn't find Miss Inside. Could it be that... could it be that miss has been hacked into ashes?"

"What? It's over! It's over! If I knew this would happen, I would have tied miss up." Hei Shi and the others saw an Feng's concealed gaze and heaved a sigh of relief. However, regret was written all over their faces.

An Feng was silent for a moment before saying, "That's not right. Even if miss was turned into ashes, the ring would not be turned into ashes. Miss might still be alive. We will wait here. Miss will definitely come out alive."

Diao Shaoyan pursed his lips. He reckoned that after the guard entered, he did not take a closer look to save his life. That was why he did not find the stinky girl's storage ring. That stinky girl must have been struck by lightning.

Many people had the same thoughts as Diao Shaoyan. They all thought that Yun chujiu must have been turned into ashes by the Lightning. They could not help but secretly rejoice. Fortunately, they came out in time. Otherwise, things would have been bad.

The crowd discussed for a while and then dispersed. An Feng, Hei Shi and the others were the only ones waiting outside the valley entrance.

At this time, Yun Chujiu was having a lot of fun. The purple heavenly lightning kept striking her body while she kept searching for high-level spirit herbs.

Although everyone had picked them, there were still many precious spiritual herbs in some hidden areas of the valley.

This Thunder Disaster Valley was really magical. The Lightning could kill people, but it would not strike the spiritual herbs on the ground. Many spiritual herbs that had gone extinct outside could be found here.

Yun chujiu let out Xiao Heiniaio and Xiao Mogu so that they could absorb some of the power of lightning.

Xiao Heiniaio was struck until it burped continuously. It was not sure if it was an illusion, but it felt that after being struck, its body seemed to become lighter. Hence, it flapped its short wings and began to collide with the Lightning.

Seeing Xiao Heiniaio doing this, Yun Chujiu rolled her eyes. She took out a large copper basin from her storage ring and placed it on her head to absorb the silver lightning.

Thus, the three perverts began to search for treasures while being struck by lightning.

“Master, where do you think the Lightning comes from? Why do you keep striking this place? Do you think there are any big treasures here?” Xiao Heiniaio stared at her with his bean-like eyes.

Yun Chujiu’s heart moved. Xiao Hei’s words made sense. There wouldn’t be lightning gathering here for no reason. Perhaps there really was something good.

Yun chujia observed for a moment and realized that the more she walked in, the more lightning gathered. Perhaps the secret was hidden in the innermost part.

The moment this fellow thought about the incredible treasures inside, he immediately lost interest in those high-grade spirit herbs. He kept Xiao Heinia and Xiao Mogu into his spirit beast pouch and then quickly jumped into the innermost part.

As he ran, this fellow felt that the large copper basin was too troublesome, so he also kept the large copper basin into his storage ring.
