

## The Yun Family's Ninth Child is an Imp! Chapter 2086

Yun Chujiu's prediction was right. Wu Yun naturally wouldn't float over for no reason. It was precisely to strike her.

Yun chujiu raised her head to take a look. This Wu Yun looked quite familiar! So it was the old familiar Yun!

"Aiyo, Little Yun, we meet again. What a coincidence!" Yun chujiu smiled and waved her claws at Wu Yun.

Wu Yun had rejected this mission in his heart, but he had no choice but to come. Hearing Yun Chujiu's words, he unhappily struck several purple lightning bolts at Yun Chujiu.

"Good strike! Good Strike! It's so good! Come on, hit me as much as you want! Let's hurt each other as much as we want!" Yun chujiu raised her head and said with a smile.

Wu Yun was already numbed by this fellow's anger. He kept hacking downwards. No matter what, he had to finish the power of lightning.

Yun chujiu acted as if nothing had happened. She even had the leisure to search for spirit herbs everywhere. Moreover, she had Xiao Heiniaoy and Xiao Mogu help to find high-grade spirit herbs. She wanted to fight for a nest for it.

Since Xiao Heiniaoy had been killed by her, this thunder disaster valley might soon become an ordinary valley. When that time came, it would be convenient for others, so it was better to pick more.

When this guy was searching for high-level spiritual herbs while being struck by lightning, he found a few herbs growing in a crack in the stone. Each herb only had seven sawtooth-shaped leaves with light pink flowers on the top.

Yun Chujiu's eyes couldn't help but light up. wasn't this the seven-leaf hollow grass that Diao Shaoyan and the others were looking for? TSK TSK, what a blessed person!

Yun chujiu used her body to protect the medicinal herbs. Then, she took out a small shovel and carefully put the seven-leafed hollow grass into her storage ring.

After sweeping the area, she found that there were no fish that had fallen into the net. Then, she happily hopped toward the entrance of the valley.

An Feng and the others were the only ones left outside the valley. The others had left a long time ago.

After Yun Chujiu left the valley, the dark clouds in the sky also floated out and continued to attack Yun Chujiu.

“Miss! Be careful!”

Hei Shi and the others saw so many bolts of lightning striking Yun Chujiu’s body. They were so scared that they closed their eyes. It was over. Miss would definitely be turned into ashes.

However, when they opened their eyes again, they saw that Yun Chujiu was not only fine, she even pointed at the dark clouds in the sky and said, “Little Yun Yun, that’s enough! I still have things to do, I don’t have time to play with you.”

Play with it?

Who the F \* ck needs you to play with it? This Yun is working, do you understand? This is a very serious matter!

Wu Wu, it’s useless to be serious. This damn little pervert, why can’t he be hacked to death!

The dark clouds in the sky wanted to cry, but no tears came out. Hei Shi and the others were dumbfounded!

Oh God, the little ancestor was actually unharmed after being struck by so many bolts of lightning? !  
This, this was too abnormal!

Wu Yun in the sky was also like a broken pot that had been broken. All of the remaining power of the Lightning was struck down toward the ground, regardless of whether it struck Yun chujiu or not.

Wu Yun trembled and floated away. Since the Lightning had already been struck, the little abnormal did not have to depend on me even if he did not die. If he had the ability, let other clouds strike him. I do not want to see this little abnormal anymore. My Head Hurts!

Yun chujiu waved her claws at Wu Yun and said, "Little Yun Yun, you are welcome to come and play with me frequently! I even wrote a song for you. Listen carefully! My House's door is always open and my embrace is waiting for you... Little Jiu welcomes you and shares your breath under the Sun..."

Wu Yun floated even faster. Oh God, quickly save me. I Met a little lunatic. Save Me!
