

## The Yun Family's Ninth Child is an Imp! Chapter 2087

Yun chujia saw Wu Yun drifting away as if he was fleeing for his life. She could not help but twitch her lips. "Bah! Other than me, who else can make you do this without scolding you? You really don't know how to appreciate favors!"

Hei Shi and the others felt that their worldview had been refreshed. They were all stunned like wooden stakes.

If they did not see wrongly, then Wu Yun should have fled in a panic, right? He seemed to have been scolded by the little ancestor and ran away!

The Board of Immortals!

That was Wu Yun who could bring down Heavenly Thunder!

He was actually so cowardly?

The six of them were incomparably glad of their decision back then. If they were to go against the little ancestor, there would only be one outcome, and that would be death! A freak who could make Wu Yun run away in anger, what a terrifying existence that was!

At this moment, a loud sound came from within the Thunder Tribulation Valley, and everyone was shocked.

Yun Chujiu touched her chin. Something must have happened to the stone wall. Perhaps it had sunk into the ground.

“Don’t just stand there. I think the name of the Thunder Disaster Valley will be changed soon. Let’s run away from the scene of the crime,” Yun Chujiu said sneakily.

Hei Shi and the others didn’t have enough brains now, so they were like puppets. They followed Yun Chujiu’s instructions and summoned their flying spirit tools. After boarding the flying spirit tools, they quickly left the Thunder Disaster Valley.

After four hours, Hei Shi and the others finally realized why the Thunder Disaster Valley would change its name? Then there would definitely be no more heavenly lightning strikes. Why would there be no more heavenly lightning strikes? Could it be that there was something inside that was stolen by the little ancestor?

Hei Shi and the others inexplicably thought of Luo Pingsheng and elder Zhao er’s storage rings. This greedy little ancestor might have stolen something from them again. Oh God, don’t say anything else. Hurry up!

The next morning, the Lightning in the Thunder Disaster Valley had already begun to dissipate. The purple lightning had completely disappeared. Only scattered silver lightning would occasionally strike.

Soon, someone noticed something strange here. Everyone rushed into the Thunder Disaster Valley because they felt that this was a great opportunity to make a fortune.

Diao Shaoyan and the others were no exception. After hearing the news, they rushed over in a hurry and began to enter the Thunder Disaster Valley to look for the seven-leaf hollow grass.

These people were quickly disappointed because they found that there were almost no traces of heaven-grade herbs in the valley. Even earth-grade herbs were few and far between.

That was not right. Although they had come in to collect a wave of herbs before, they did not go too deep. Logically speaking, there should be many high-grade spirit herbs in the depths of the valley!

At this time, someone had already reached the end of the valley and found that the ground was full of gravel. It was obviously caused by the collapse of the cliff. Could it be that something had happened in the valley before?

Everyone was puzzled, someone said, "Oh right, when we left yesterday, the little girl's subordinates did not leave. They have been guarding outside the valley. Why didn't we see them today? Perhaps they can know some details."

They naturally wasted their efforts. After asking around, they did not find any trace of Yun Chujiu and the others.

The old man who followed Diao Shaoyan frowned. Although he did not have any evidence, he felt that the change in Thunder Disaster Valley had something to do with that little girl.

However, now that she had disappeared, there was no way to find out the reason, so everyone could only disperse.

At this time, Yun Chujiu was already tens of thousands of miles away from Thunder Disaster Valley. This guy felt that she was basically safe, so he finally relaxed.

“Little Madman, come here for a moment.” Yun chujiu called an Feng into her room.
