

## The Yun Family's Ninth Child is an Imp! Chapter 2089

Yun Chujiu took the red invitation card and looked at it. She immediately understood why Mo Xiaoting was so excited.

The Invitation Card was sent by the Mo family. The content was: The Young Master of the Mo family will be getting married on the 6th of next month. Mo Xiaoting and Yun Chujiu will be invited to attend the ceremony.

“Fangcao, it’s all thanks to you!” “If you didn’t want to do business with the Mo family, why would the Mo family invite the both of us to attend the ceremony?” “When I was young, I followed my father to the eastern continent once. The spiritual energy in the eastern continent is much richer than in the western continent, and the spiritual power of the people there is generally higher than in the western continent...” Mo Xiaoting said excitedly.

Yun Chujiu couldn’t help but purse her lips. The Old Fox would probably be so excited that he wouldn’t fall asleep for a few days. Looking at how successful he was, it was embarrassing.

Mo Xiaoting talked for a while before he realized that he had lost his composure, he cleared his throat and said, “Fang Cao, I’ve just thought about it. You are good in every aspect, but you are lacking in etiquette. Let me help you find someone to teach you.”

Yun Chujiu couldn’t help but laugh. This Old Fox was quite meticulous; he even thought of this.

The old fox chuckled, "Grandfather, I know all about etiquette. It's just that I don't usually show it. If you don't believe me, I can walk a few steps for you."

Mo Xiaoting naturally did not believe Yun Chujiu's words. He felt that Yun Chujiu was just bragging, but he didn't want to reject her outright. So, he said perfunctorily, "Then, walk for a while and let me take a look."

Yun Chujiu nodded and hopped to the door.

Mo Xiaoting couldn't help but twitch his eyes. How could she be so polite? Stop joking!

At this moment, Yun Chujiu slowly turned around. Her entire aura suddenly changed, as if she wasn't the same person as the little girl from before.

Her every move was calm and noble. It was as if she had suddenly turned from Gouwei Bao into a beautiful peony.

Mo Xiaoting was stunned. He had originally thought that her mother and Gouwei Bao were just a figment of her imagination and the difference in temperament was simply too great. But, from the looks of it, they were indeed mother and daughter; their family background was completely revealed. Not to mention the Mo family, even the Ye family couldn't find a single flaw in their demeanor.

Yun Chujiu saw Mo Xiaoting's stunned expression and couldn't help but smile playfully, "Grandfather, how was it? I passed the test, right? Actually, I understand all of this, but it's so tiring to carry it around. It's better for a monkey like me to be at ease."

Mo Xiaoting came back to his senses and nodded before saying, "When you arrive at the Mo family home, you need to be a little more humble. Otherwise, if your limelight surpasses the girls from my family, I'm afraid they'll do you a disservice."

Yun Chujiu nodded, "Grandfather, you're still thoughtful." You have a point. Why Don't I Just Act Like a monkey and forget about it? Otherwise, if I'm young and beautiful and know how to do business, won't they die of jealousy? "It's a good opportunity to leave a flaw in their appearance so they can find a sense of superiority."

Mo Xiaoting's eyes twitched as he thought for a moment, he felt that Yun Chujiu's words made sense, "Alright, then we'll do as you say. But, when the time comes, we need to control ourselves and not cause any trouble. "If you cause trouble, grandfather won't be able to protect you."

"Grandfather, don't worry, I will be careful." "Oh right, grandfather, I'm afraid we will have to spend a lot of money on this trip!" "In addition to the wedding gifts, we also have to prepare gifts for each room. Moreover, the quality of the gifts can not be too low. Otherwise, we might as well not give them. It's such a waste." Yun Chujiu pouted and said.
