

The Yun Family's Ninth Child is an Imp! Chapter 209

Di Beiming looked at Yun Chujiu, who was picking wild fruits, and felt that his head must have been kicked by a spirit beast.

Not only was the concealment talisman expensive, it was also hard to buy with Spirit Stones. He actually wasted a concealment talisman just like that.

“Black Thing, didn't I give you a lot of spirit fruits? Why are you still picking wild fruits?” Di beiming saw that there was no one around and said in a low voice.

“Each flavor has its own merits, just like meat and vegetables. Although vegetables are not as delicious as meat, you still have to eat some vegetables!” Yun Chujiu said as she stuffed a wild fruit into Di Beiming's mouth.

Di Beiming frowned and tasted it. Although the taste was not as good as the spiritual fruits, it was still sour and sweet.

Yun Chujiu tilted her small head and asked proudly, “Do you think it's okay? I'm telling you, this mountain is full of treasures. Not only are there wild fruits, there are also wild sweet potatoes. After being roasted, they're soft and sweet. It's really delicious!”

“Look, there's a bush over there!” Yun Chujiu hopped over and started to dig with the rolling pin.

The rolling pin was about to cry!

It was an immortal item!

It was an immortal item!

It was an immortal item!!!

She actually used it to dig for sweet potatoes? It was really insulting!

How did it end up with such a master!

The rolling pin suddenly felt that there was no hope!

Yun Chujiu had just put the wild sweet potatoes that she dug into her storage ring when Little Black said in her mind, "Master! There's a level two gale deer in front!"

Yun Chujiu's eyes lit up. She had not eaten venison before, so she could hunt it to satisfy her craving.

Yun Chujiu carefully approached the place that Little Black had mentioned. Sure enough, there was a gale deer eating grass. Di Beiming wanted to see Yun Chujiu's skills, so he stood aside and did not intend to interfere.

Yun Chujiu also wanted to show off, so she swaggered in front of the gale deer.

The gale deer was shocked at first and prepared to run away, but after discovering that Yun Chujiu was an ordinary person without any spiritual power, the gale deer showed off by digging the ground with its front hooves, hoping to scare Yun Chujiu away.

Yun Chujiu sighed, "Sigh, I don't want to eat you either, but I'm hungry. This is a world where the strong prey on the weak. Take this!"

Yun Chujiu suddenly raised her hand, and a bolt of lightning shot straight at the gale deer.

The gale deer was completely unprepared. Moreover, demonic beasts were naturally fearful of lightning, and it had struck directly on the gale deer's head.

The gale deer let out a miserable cry. It actually died from both pain and fright!

Yun Chujiu was stunned. It could not take a hit? It choked on its fart with one move? She still wanted to show off a little more!

Di Beiming was also stunned. This gale deer was at the early stage of the second stage, which was equivalent to a cultivator at the fourth level of spirit enhancement, but the black thing actually destroyed it with one move? If the opponent was a cultivator, would the black thing be able to challenge someone of a higher level?

The gap between the cultivation levels was like a ravine. There were very few people who could challenge someone of a higher level. Could the black thing really do it?

Yun Chujiu did not know what Di Beiming was thinking. The only thing on her mind was roasted deer meat. She put the gale deer into her storage ring and hopped back. "Prince Charming, let's go. Let's go back and roast the deer meat!"

As soon as Di Beiming and Yun Chujiu entered the courtyard, An Yin rushed up and greeted, "Your Excellency!"

Yun Chujiu was very tactful. She knew that An Yin had something to do, so she said, "Idol, you two can talk inside. An Feng and I will deal with the deer meat."

Di Beiming nodded and entered the house. An Yin followed him in.

It was not until the aroma of the roasted meat spread that Di Beiming and An Yin came out.

“Black Thing, I need to leave for a period of time. It’ll be at least half a year, and at most a year! Take these voice transmission talismans. Once you use them, you can only use them again after three days.

“Also, keep this jade pendant well. It can withstand a fatal blow from a ninth level spiritual sovereign realm cultivator. In the Azure Mystic Continent, it’s enough to save your life once! Also, keep these three concealment talismans. As long as you’re careful, no one below the fifth level of the spiritual sovereign realm will discover you. However, there’s a two hour time limit.

“After I leave, try not to leave the Spirit Radiance Sect. Don’t cause any trouble, and don’t come into contact with people who aren’t trustworthy.”

At that point, Di Beiming gritted his teeth as he spoke. “That bird may be ugly, but his character is not bad. If you have anything to do, try to get him to do it! However, you must remember that you’re an elder. Don’t have any thoughts that you shouldn’t have!”
