

The Yun Family's Ninth Child is an Imp! Chapter 2103

Mo Xiaoan's expression changed a few times as he said with a dark expression, "Big brother, this matter is indeed inappropriate. I will think of a way to make up for it."

Mo Xiaoquan nodded. "Xiaoan, it's not that I'm criticizing you, but there are many pairs of eyes staring at us. If we are not careful, our status as a third-class family will be lost. "Furthermore, although Guangshunzhi is from the western continent, he has helped us earn a lot of money in the past few months. We still have to put on a show."

"That's right, Xiaoan. Don't tell me that the five of you can't even bring out some gifts?" Mo Xiaofu from the second branch said with his mouth curled.

Mo Xiaoan was so embarrassed that he became angry. He said unhappily, "Second brother, I didn't do this properly. But what do you mean by saying that with guns and sticks? If you're dissatisfied with me, just say it."

Mo Xiaofu naturally wasn't willing to be outdone. "Xiaoan, what do you mean with a gun in your mouth? What I said is the truth. It's fine if you don't want your face, but we, the other four branches, still want it! This good news doesn't go out, but bad news spreads far and wide. I reckon that the other families have already found out about this matter. They might not be laughing at our Mo family!"

Mo Xiaoan naturally became even angrier when he heard him say this. "Who do you think doesn't want their face? I think you're deliberately finding trouble..."

Mo Xiaoquan saw that the two of them were arguing endlessly, he slapped the coffee table. "Enough! Stop arguing! You're already so old, yet you're still arguing like a young boy. Don't you know shame! "Xiaoan, I won't say anything else. You should quickly think of a way to make up for it. "Also, after the wedding, Xiao Ting will definitely bring Fang Cao Girl to visit each room. Don't let things like the fifth room happen again."

Mo Xiaoquan was, after all, the head of the family. Mo Xiaoan and Mo Xiaofu looked embarrassed and could only nod in agreement.

The five of them chatted for a while more before Mo Xiaoquan and the other three left.

After Mo Xiaoan sent the four of them back, he was so angry that he smashed the teapot and Teacup into pieces. After calming down a little, he went to see the fifth elder.

After Mo Xiaoan saw the fifth elder., he told him what had happened, "Father, although we didn't do the right thing with the greeting gifts, the other four branches didn't come over to denounce us. I think they were dissatisfied with our management and Guangshunzhi's business, so they took the opportunity to attack us."

The fifth elder was silent for a moment, he snorted coldly and said, "What you said makes sense. The Big Branch is still a little better, but the other three branches can't wait for us to make a mistake and snatch the business away." "I was indeed wrong in thinking about this matter. You should have given the meeting gift to someone else, someone of a higher level." "Then, spread the news that the fifth branch's meeting gift was originally intended to be given to the fangcao girl along with the other branches. Now, they're afraid that people will misunderstand, so they gave it in advance."

Mo Xiaoan was stunned, then, he said in admiration, "Father, your idea is good. This way, not only will we be cleared of all wrongdoing, but we'll also drag the other four branches down with us. When the time comes, if their meeting gift is too thin, it'll be the talk of the town."

The corner of the fifth Elder's mouth curled up into a sneer, "In our generation, we have always been fighting. However, the four of us together can not defeat Big Brother. If it were not for Big Brother supporting Xiaoquan, the Mo family would not have fallen into his hands. Let's just endure it now. Hopefully, I can endure through the other four. When that time comes, our five families will be in charge of the Mo family."

Mo Xiaoan naturally couldn't directly say that those four old fellows would definitely die in front of the fifth elder, so he said, "Father, our five branches will definitely have the last laugh."
