

The Yun Family's Ninth Child is an Imp! Chapter 2105

It was Yun Chujiu's first time attending a wedding after she transmigrated. She watched the wedding process with interest. She felt that studying was not bad as she could use it when she got married to a gigolo.

Besides Mo Fangjiao and the other three from the fifth room, there were also a few ladies from the fourth room who sat with Yun Chujiu. After they sized up Yun Chujiu, they started to whisper to Mo Fangjiao and the others.

Although they were whispering, they were actually quite loud. Yun chujiu naturally heard them clearly.

"Sister Fangjiao, I heard that someone went outside to slander your fifth room because they didn't receive the greeting?" The one who spoke was Mo Fangzhu from the second room. She naturally didn't have good intentions when she said these words. On the one hand, she was slandering Yun Chujiu, on the other hand, she was trying to provoke Mo Fangjiao. If Mo Fangjiao and Yun Chujiu were to fight, it would be exactly what she wanted.

Mo fangxin, who was in the third room, also chimed in, "That's right. As a person, you should know your limits. It's your duty to give her a gift but not to give her a favor. It would be shameless of you to ask for a gift yourself!"

The rest of the people also chimed in. The main content of the sarcasm was that Yun Chujiu went out and said that the fifth room did not give her a gift. She was really a country bumpkin from the western continent who was petty and greedy.

Yun chujiu turned a deaf ear to it. She felt that Mo Xiaoan definitely did not have any evidence to prove that she was the one who said the greeting gift. Otherwise, he would not be so calm.

As for the sarcasm of the Mo family's girls, this guy did not care at all. It was just a few ducks barking. If they were willing to bark, they could bark! As for whether mo fangjiao, this stupid duck, would fall for it, that was not a question that she needed to consider. Naturally, the fifth chamber's people had a headache. What she needed to do was to secretly open the recording stone.

Mo Fangjiao had already heard her mother talk about some meeting gifts. She had long been dissatisfied with Yun Chujiu. Now that she had been provoked by Mo Fangzhu and the others, she naturally could not contain her anger, she glared at Yun Chujiu fiercely. "HMPH! Some people are inferior people from the western continent. Their eyelids are very shallow! The things from the fifth branch will be used as charity for Beggars!"

Mo Fangzhu and the others thought that Yun chujiu would definitely quarrel with Mo Fangjiao after hearing what Mo Fangjiao said. They did not expect Yun chujiu to continue looking forward with great interest as if she did not hear anything.

Mo Fangzhu and the others could not help but be disappointed. It seemed that Mo Fangjiao knew her own limits, so she did not dare to fall out with Mo Fangjiao. It was really disappointing.

Mo fangjiao said a few sarcastic words. Seeing that Yun Chujiu did not respond, she could not let go of the anger in her heart. She could only sit there and sulk.

When the newlyweds were sent into the bridal chamber, the banquet officially began.

Of course, Yun Chujiu did not stand on ceremony. She picked up whichever dish was delicious and ate happily.

The ladies of the Mo family exchanged glances. This Mo Fangjiao was really an idiot. She only knew how to eat and did not have the reserved manner that a lady should have.

Mo Fangzhu rolled her eyes and said with a smile, "Sister Fangcao, I heard that you did not grow up in the western continent?"

"Yes, I grew up in the Qing Xuan Continent," Yun Chujiu said very naturally as if she did not hear Mo Fangzhu's bad intentions.

Mo Fangjiao covered her mouth with her hand. "The Qing Xuan Continent? Isn't that the lowest grade continent? I heard that the concentration of spiritual Qi there isn't even one percent of that of our eastern continent! Sister Fangcao, it's a good thing that you were found by Guang Shunzhi. Otherwise, you wouldn't have been able to ascend to the Western continent in your lifetime, let alone the eastern continent."
