

The Yun Family's Ninth Child is an Imp! Chapter 2106

Mo Fangxin's voice was very loud. Even the nearby tables of women had heard her words. These people could not help but turn their gazes towards Yun Chujiu, wanting to hear what she had to say.

Some of these women were from the Mo clan or the collateral family. There were also some from other clans. This was the first time they had seen Yun Chujiu. However, they all roughly knew that this was a little girl from the Western continent.

At this time, some people were gloating, some were sympathetic, and most people were just watching the show. They all felt that this Mo Fangcao had been scarred by someone, and they were either angry and noisy.., or they were silently crying out of self-pity, but Yun Chujiu's next performance shocked them.

"Sister Fangjiao, you're right. I grew up on a low-level continent, and the concentration of spiritual Qi there is even less than one percent of the eastern continent, but so what? "I am now at the sixth level of the spiritual venerable realm. Although I am much lower than the other sisters, I feel that if I grew up in the same environment, some people might not be able to practice as fast as me, right?"

"Actually, I feel that there is no point in discussing a person's background. When you stand at the peak, no matter how humble your background is, there will naturally be people who will help you beautify it. "However, when you are at the bottom, no matter how noble your background was in the past, it will only leave a topic for others to talk about after dinner.

"Moreover, you don't eat, you don't speak, you don't sleep, and you don't speak. I, a country bumpkin from a low-grade continent, don't know the rules. My sisters and sisters should also know the rules,

right? “It’s better to eat quickly. Otherwise, if this dish gets cold, it won’t taste good. Wasting it is the most shameful act.”

After Yun Chujiu finished speaking, she picked up her chopsticks and continued eating, as if the long speech just now was not what she said.

The faces of Mo Fangjiao and the others present turned green and white, especially mo fangjiao who wished she could find a hole to hide in. She really wanted to refute Yun chujiu, but she found that there was no room for rebuttal.

Say What?

Could it be that what Yun Chujiu said was wrong? She had already cultivated to the sixth level of the spiritual venerable realm on a continent with such low spiritual power, how could she say that her cultivation was slow? If it were them, they might not even be able to reach the level of spiritual emperor!

Moreover, although the people who cultivated did not have the rules and regulations of the secular world, the higher the level of the family, the stricter the rules were. They knew that they had to eat without speaking, sleep without speaking. They had mocked and ridiculed her for a long time, and it was really a little embarrassing.

Some of the other clan’s madams were shocked when they heard Yun Chujiu’s words. This little girl from the Western continent was really sharp-tongued. Her counterattack was really beautiful!

However, it was a pity that this little girl was from the Western continent. Although she was eloquent and was good at doing business, her starting point was too low. She still could not catch up to these girls from the eastern continent,

the few girls from the Mo family looked embarrassed. Although they hated Yun Chujiu to death, they could not say anything. After all, there were so many people watching them.

Yun chujiu could not be bothered with them. It would be better if they did not eat. It just so happened that she ate more.

The few girls from the Mo family looked at Yun Chujiu as she ate. They cursed in their hearts. She was really a good-for-nothing. She only knew how to eat. It would be better if she choked to death!

Yun Chujiu ate all their grievances and felt that it was a different feeling.

After the wedding banquet ended, Yun Chujiu followed Old Madam Wang and the others back to the fifth room.

Yun chujie had just entered the waning Moon Pavilion when Mo Fangjiao angrily followed her in. “Mo Fangjiao! You ate our fifth room and lived in our fifth room. Now, you actually embarrassed me in front of everyone. Do you still have any shame?”
