

The Yun Family's Ninth Child is an Imp! Chapter 2108

"Fangcao girl is really pretty. I heard that she knows how to do business? What a lovely girl! Quickly come to grandmother Tian and let her have a good look." Mo Xiaoquan's wife, old madam Tian, said amiably.

Yun chujiu was not shy, she walked up to old madam Tian and said, "Grandmother Tian, I'm embarrassed by your praise! How can I be as good as you say? I am far from being as good as my sisters. My sisters are like the Bright Moon in the sky, and I am like a pebble on the ground."

"This little mouth really knows how to speak. This eight treasures ice silk bracelet is a gift from grandmother Tian. Come, grandmother Tian will help you put it on." As Old Madam Tian spoke, she put a crystal clear bracelet on Yun Chujiu's left wrist.

Yun chujiu thought to herself, old madam Tian was much more troublesome than old madam Wang. No wonder she was the wife of the patriarch.

After Yun Chujiu thanked her, she said a few more words of flattery. All she said was that old Madam Tian was young. In an instant, the room was filled with laughter and harmony.

Seeing the harmonious atmosphere, Mo Xiaoan felt a little uneasy. With this comparison, it seemed like the fifth chamber was not treating Mo Xiaoting and his grandson very warmly.

Mo Xiaoan rolled his eyes and said, "Big Brother, Xiao Ting is mainly here to pay his respects to first uncle. Why Don't you lead us to first uncle's Courtyard?"

Mo Xiaoquan couldn't help but sneer at Mo Xiaoan's words. He knew why Mo Xiaoan was so determined to pay his respects to first elder. wasn't it because he wanted to check on First Elder's condition?

Unfortunately, his wishful thinking was in vain. His father was a divine schemer. He had long guessed that he was going to do this, so he had made ample preparations. He could use this opportunity to intimidate the five houses.

"Of course. Brother Xiao Ting, come with me," Mo Xiaoquan said politely.

Mo Xiaoan's eyes flashed, and he also raised his leg to follow. Since he was going to greet the great elder, it would not be good for Mo Xiaoquan to chase him away.

Yun Chujiu's heart skipped a beat. The first elder was the biggest lackey in the Mo family. This was a good opportunity..., so, the shameless man said, "Grandfather Quan, can I go with you? I've always heard that the first elder is not only talented in spiritual energy, he is also very wise. I would like to listen to his teachings."

Mo Xiaoquan's face froze. It was rare to see a girl who could flatter him so naturally. He coughed and said, "Of course you can. You can go with us."

After Mo Xiaoquan and the others left, the people who stayed behind commented on Mo Xiaoting and Yun Chujiu. Only one girl in a white dress had a cold look in her eyes. This Mo Fangcao looked heartless, but she was actually quite scheming. Did she really think that she would benefit from meeting her great-grandfather? She was really naive.

Yun chujiu followed Mo Xiaoquan and the others and finally arrived outside a courtyard. Yun chujiu sniffed. The Smell of medicinal pills? Could it be that this great elder knew how to refine pills?

Mo Xiaoan's eyes flashed and asked with concern, "Big Brother, why is there such a strong smell of medicinal pills here? Is there something wrong with uncle's body?"

Mo Xiaoquan glanced at him indifferently, causing Mo Xiaoan's expression to become embarrassed, only then did he say, "Father's body is very tough. However, he has been refining a grade 14 blood creation pill recently. Judging from this fragrance, father has probably succeeded in refining it."
