

The Yun Family's Ninth Child is an Imp! Chapter 2114

The corners of Mo Xiaoting's eyes twitched. F * ck, isn't your flattery a little too obvious?

But, to his surprise, the first elder seemed to be enjoying it. He laughed, "You little girl, you sure have a sweet mouth. Go back and train hard."

Yun chujiu nodded obediently and did not continue to flatter him. After all, flattery was a skill and flattery was bad for the legs, so it was more or less enough.

Everyone returned to the study room and exchanged a few pleasantries. The first elder picked up his teacup and everyone tactfully stood up to leave.

Mo Xiaoquan originally wanted to keep Mo Xiaoting for lunch, but seeing that Mo Xiaoting insisted on leaving, he had no choice but to escort the three of them out of the mansion.

Mo Xiaoquan turned around and returned to the first elder's courtyard. At this time, the first elder was hunched and looked completely different from before, "Xiaoquan, have they all left?"

Mo Xiaoquan nodded, then asked worriedly, "Father, are you alright? You shouldn't have taken that Tiger and Wolf Medicine. I'll just find an excuse to prevent them from coming to see you."

“Sigh, my body can’t hold on for much longer anyway. The fifth elder is eyeing me like a tiger, and those few aren’t well-behaved either. If I don’t show up, they’ll definitely come over to probe me endlessly!
“Others may think that the great patriarch of the Mo family is very impressive, but in reality, Leng Nuan knows his own limits!

“When a disaster strikes, it is the beginning of the destruction of a family. We absolutely can not allow such a situation to happen. When the day comes when I am about to fail, I will bring those four troublemakers along with me. I will not leave any trouble for you.”

Although Mo Xiaoquan’s heart was relieved, he felt a slight chill on his back. His expression was naturally a little unnatural.

The Great Elder was well-versed in the ways of the world and naturally understood what he was thinking. He snorted coldly, “Do you think that I am too ruthless and merciless? HMPH! You, you, you are good in every way but you are too indecisive.

“Yes, I admit that it is indeed a little too ruthless to kill them all. However, as long as I am dead, if the four of them are still alive, they will definitely force you to give up the position of family head...” When that time comes, the Mo family will be in a bloodbath. When that time comes, it won’t be a matter of four people dying. It’s very likely that the Mo family will be replaced by someone and uprooted!”

Mo Xiaoquan’s face revealed a look of shame. “Father, your son has realized his mistake! In the end, it’s still because your son’s ability isn’t enough. There’s no way to convince the other four chambers and make you worry.”

The great elder sighed. "I've seen your hard work. It's just that with your character, your progress is limited. Yonghui and Jun Kun are also more than capable. If they don't develop enough, they might not be as good as you in the future. Therefore, I have to settle those four troublemakers. Otherwise, you won't be able to deal with them in the future."

Mo Xiaoquan's face was filled with shame when he heard the Great Elder's words. He knew that what the Great Elder said was the truth. Once the Great Elder died, the other four branches would have the support of the elders in the family to force them out of the palace. At that time, the Mo family would definitely fall into chaos.

The father and Son were silent for a moment. Mo Xiaoquan had nothing to say and wanted to find something to talk about. He wanted to adjust the atmosphere and asked, "Father, what do you think of Xiao Ting and Fang Cao Girl?"

"Xiao Ting people are very shrewd, but their horizons are limited." "As for that Fang Cao Girl, she has somewhat exceeded my expectations." "According to the information you gathered, the matter of the meeting gift was probably designed by this little girl alone. In addition to the words she said at the wedding banquet, this little girl is very intelligent and is quite scheming," the first elder said thoughtfully.
