

## The Yun Family's Ninth Child is an Imp! Chapter 2118

“Grandfather, you are right. Mo Xiaolan must have been disappointed because the first elder’s health is fine. The only reason he accompanied us to the main room was to find out about the first Elder’s health.”

The reason why Yun Chujiu did not say it out loud and let Mo Xiaoting make his own guess was to make him more convinced.

Mo Xiaoting sighed, “I didn’t expect my family to be involved in this mess. But, what does this have to do with us returning to the East Continent?”

“Grandfather, it’s because of this mess that we have the chance to fish in troubled waters!” Yun Chujiu said with a smile. The reason she had made this guess was because she had noticed the change in Mo Xiaolan’s expression, but more importantly, when she saw the Great Elder, Guai Cao was restless and expressed that he wanted to eat something good.

After Yun Chujiu suppressed the Guai Cao, she came back and asked what the Guai Cao smelled. After a few guesses, she finally confirmed that the Great Elder had taken a pill that could stimulate the body’s potential in a short period of time.

This kind of pill could be said to do more harm than good. For example, if one could originally live for ten years, after taking this pill, they would probably have seven to eight years to live.

Since the great elder had put in so much effort, it meant that he was extremely wary of Mo Xiaolan. It also indirectly meant that the conflict between the two families had worsened for nothing.

“Taking advantage of the situation? What do you want to Do?” Mo Xiaoting was a little uneasy and excited. In short, his emotions were complicated.

“Grandfather, we can forget about the fifth branch! We have fed them so much, yet they still treat us so slowly. “Even if the second branch isn’t good on the surface, it’s not a big deal. Although the third and fourth branches haven’t gone yet, they’re probably the same as the second branch. They’re not of much use.”.

“Our best choice is to hook up with the big branch. We have money, they have power. It’s a great combination.”

Hook Up? Mo Xiaoting was no longer in the mood to argue about Yun Chujiu’s choice of words, he said disapprovingly, “That’s easy for you to say. The Big House is a legitimate branch of the family. Why would they take a fancy to us? Mo Xiaolan may be nice to us on the surface, but that’s only on the surface.”

“Mo Xiaolan is obviously not a good candidate. That person is too conservative and doesn’t have the ability to do great things! The person we want to hook up with is the first elder, the actual person in charge of the family,” Yun Chujiu’s eyes flashed with cunningness.

“First Elder? Fang Cao, you don’t think that because you have obtained a pill furnace today, you think that the first elder will look at you differently, do you? You are too naive!” Mo Xiaoting shook his head, Fang Cao was still too young and naive.

Yun Chujiu giggled, “Grandfather, I am not that stupid. We need to take things slowly. If we can’t meet once, then we will meet twice. If we can’t meet twice, then we will meet three times. If we can’t meet three times, then we will meet every day!

“You just need to do as I say.” “Don’t worry. Even if I can’t hook up with the first elder, nothing will happen. The people in the fifth house simply think that I want to turn from a sparrow into a Phoenix.”

Mo Xiaoting still felt that this matter was too mysterious. He sighed, “Fangcao, even if what you say is true, will the first elder see you?”

Yun Chujiu curled her lips, “Grandfather, trust me. Others may not be able to see the first elder, but I will. Every time I go, he will see me.”

Mo Xiaoting felt that Yun Chujiu had a fever. Not to mention her, even the fifth elder did not dare to say such words. How could he meet the first elder at will? !
