

The Yun Family's Ninth Child is an Imp! Chapter 2120

Mo Fangjiao asked Yun chujia some more details, and Yun Chujia told her everything she knew. She imitated Mo Fangzhu's expression and language perfectly. Mo Fangjiao laughed until her flowers trembled, feeling very relieved.

"Mo Fangcao, I didn't expect you to be so capable. Seeing that you made me so happy today, I'll give you a favor. Let me tell you, among the girls in the Mo family, you shouldn't provoke sister Fangbing. Otherwise, you'll die a horrible death." Mo Fangjiao pouted.

"Sister Fangjiao, why don't I understand?" "I met sister Fangbing when I went to visit her in the big room. Although she looked a little cold, she looked okay. Why did you say that she's hard to provoke?" Yun Chujia's eyes flashed, she did not think that Mo Fangjiao would be so kind.

"Humph! You are indeed ignorant! Not only does sister Fangbing have a high spiritual power, but her maternal family is a second-class family. Although her mother is the daughter of a concubine, she is also much taller than others.

Therefore, Sister Fangbing looks like a fairy who does not live in the mortal world. In fact, she has never put us cousins in her eyes.

Sister Fangbing heard Fang Qiao, who used to be in the fourth room, say a few nasty words to her. Sister Fangbing directly slapped her twice, and even threatened that if she heard it again, she would make Fang Qiao unable to speak.

Mo fangcao, I heard that the Great Elder gave you an alchemy furnace. Sister Fangbing must be very uncomfortable and might find trouble with you. So you'd better not go to the great room in the future. If you go., sister Fangbing might break your leg!" Mo fangjiao said in disdain, her words were full of provocation.

Yun chujia secretly curled her lips. She felt that Mo Fangjiao was exaggerating. Mo Fangbing's mother was only a concubine daughter of a second-class family. What kind of extraordinary means could she have? If she was really so favored, the great elder would not choose to use the medicine of Tigers and wolves to intimidate the other four chambers.

Yun chujia rolled her eyes and understood Mo Fangjiao's intentions. Mo Fangjiao probably thought that she was a fool. Since she dared to tease Mo Fangzhu of the second branch, she might be persuaded by her and cause trouble for Mo Fangbing, she wondered if Mo Fangjiao was crazy? Did she think that everyone else was a fool?

Of course, there was another possibility. Mo Xiaohan had instructed Mo fangjiao to say this. The purpose was obvious. It was to make Guangshunzhi stay away from the main branch and Firmly Control Guangshunzhi in the hands of the fifth branch.

"Sister Fangjiao, thank you for your reminder. However, I feel that sister Fangbing should be reasonable and won't target me for no reason. If she is really that unreasonable, grandfather Xiaoquan won't let her off.

"It just so happens that I have nothing to do tomorrow, so I'll let grandfather bring me to the big house to visit again. I'd like to see if Sister Fangbing will target me." Yun Chujia said somewhat unwillingly.

“HMPH, since you don’t listen to my advice, don’t blame me if something happens in the future.” Mo Fangjiao’s eyes flashed with a hint of pride. This country bumpkin was indeed fooled. It would be better if she fought with Mo fangbing., no matter who was the one who suffered the loss, it would be a relief.

Yun Chujiu caught a glimpse of Mo Fangjiao’s expression and knew that it was the first possibility that she guessed. It was not Mo Xiaoan’s instructions. This was also good. If this was the case, she would have an excuse to go to the main room tomorrow to avoid Mo Xiaoan’s suspicion.
