

The Yun Family's Ninth Child is an Imp! Chapter 2123

The corners of Mo Xiaoting's eyes twitched. If he wasn't aware of this, he would have thought that Fang Cao was also the owner of a shop. This little girl was simply too sociable.

A moment later, Yun Chujiu returned with a bunch of gifts from various shops, such as candied fruits and handkerchiefs, "Grandfather, let's go to a restaurant for a meal!"

Mo Xiaoting felt that even if this little girl didn't do anything, she could still make a fortune with just her mouth. She was too good at lying! A few words of flattery were enough to make the shopkeepers lose their minds.

After the grandfather and grandson arrived at the restaurant, they asked for a private room and ordered a large table of food to eat.

Mo Xiaoting's mind was preoccupied as he ate, while Yun Chujiu's mouth was filled with oil, she couldn't help but praise, "The food on the eastern continent is much better than the food on the western continent. I bet the ingredients are filled with spiritual energy. Just for this delicious food, I'm going to stay on the eastern continent."

Mo Xiaoting's mouth twitched. There was no other good-for-nothing reason! But, you're dreaming. The first elder did not even see him. It seemed, his return to the eastern continent was going to be ruined.

While the grandfather and grandson were eating, Mo Xiaoquan did not give the pills Yun Chujiu gave him to the first elder.

After Mo Xiaoting and Yun Chujiu left, he opened the bottle and looked inside. Inside was a level eight bone tempering pill, he could not help but curl his lips, "It's only a level eight bone tempering pill. Although it's high-grade, it's not a high-grade pill. There's no need to distract father."

At this moment, the great elder sent for Mo Xiaoquan. Mo Xiaoquan couldn't help but feel a little confused. He quickly rushed to the great elder's study room, "Father, are you looking for me?"

Although the great elder was in better spirits than the day before, he still looked weak. He nodded his head and asked, "I heard that Xiao Ting and the little girl are here?"

Mo Xiaoquan was a little unhappy. He knew that the great elder had always been worried about him. Many servants only listened to the great elder's arrangements. As a result, the things that happened in the main residence couldn't be hidden from the Great Elder.

Mo Xiaoquan was unhappy, so he blamed his anger on Mo Xiaoting's grandfather and grandson, "Yes, Xiao Ting brought Fang Cao with him. He said that Fang Cao wanted to ask you about alchemy, but I sent him away.

At first, I thought that Xiao Ting wasn't bad. I didn't expect him to be so ignorant. Who does he think he is? He's overestimating himself to want to meet you."

The first elder furrowed his brows. He also felt that Mo Xiaoting and Yun Chujiu were too rash. Even if they wanted to get close to him, they should have waited a while before coming back. But, they actually came today. It seemed that they had overestimated the little girl.

Mo Xiaoquan saw the first elder's frown, he then continued, "Father, the people from Guangshunzhi have been in the western continent for a long time, so their horizons are naturally limited. When they suddenly see the prosperity of the eastern continent, they are mesmerized. If there's a chance, I'll just give them a few words.". "You should stop worrying about these things and rest in peace."

The first elder nodded. "Since that's the case, you can go back."

Mo Xiaoquan took a few steps forward and thought of Yun Chujiu's bottle of grade-8 bone-tempering pills, he could not help but mock, "Father, oh right, that little girl gave me a bottle of pills before she left and asked me to give it to you. "I thought it was some incredible medicinal pill, but in the end, it turned out to be a grade-8 bone tempering pill. Even though it's a high-grade one, it can't be considered good..."

"What did you say?"The first elder abruptly interrupted Mo Xiaoquan's words and asked loudly.
