

The Yun Family's Ninth Child is an Imp! Chapter 2128

The Great Elder was shocked. He did not expect Yun chujiu to ask about the hidden dragon pill so openly. A trace of killing intent flashed across his heart.

However, the Great Elder was a suspicious person. He was afraid that Yun Chujiu had a backup plan, so he decided to probe further. Thus, he said, "This little girl knows quite a lot! Not bad, there is indeed such a pill. Why are you asking about this?"

"Great Old Master, you called me here today because I gave you the bone-tempering pill yesterday, right? "I won't hide it anymore. I think you must have taken the pill that I mentioned, so I gave you a bottle of bone-tempering pill." Yun Chujiu decided to take the initiative to attack.

"Not bad. How did you see that I took that pill?" The Great Old Master's eyes narrowed. This little girl really knew the truth. She actually said it just like that.., was she ignorant and fearless, or did she have other plans?

Yun chujiu smiled awkwardly. "Great grandfather, I only smelled the scent of the heart-devouring vine when I was refining pills in the pill refining room. Originally, this heart-devouring vine was usually used to make heart-devouring powder, so it's nothing strange.

"But I also smelled the scent of Zi Shen. I once read in an ancient book that both of these are highly toxic medicinal herbs. But if you add some other medicinal herbs, it's said to have the effect of stimulating one's potential for a short period of time.

“I also thought of some of the changes in Xiao An’s grandfather’s expression, so I guessed that in order to intimidate Xiao An’s grandfather, you probably took the risk to take that kind of medicinal pill.”

The leaves of the guai Cao in Yun Chujiu’s dantian trembled. This little girl is really shameless. Did you sniff it out? Did you sniff it out? It was clearly the herb that sniffed it out! I don’t know who asked me about the herb the day before yesterday, but his skin is really thick!

The Great Elder was extremely shocked. Just based on the smell of the herb, this little girl was able to guess that he had refined the hidden dragon pill? ! Wasn’t this talent too heaven-defying? !

Moreover, she was able to guess the hidden undercurrents of the Mo family from Xiao An’s expression. This ability to see through the situation was too strong! Not to mention the younger generation, even Xiao Quan might not have such insight.

“Then why did you give me the bone-quenching pill?” Although the Great Elder was shocked, he did not show it on his face. Besides, he was wearing a mask.

“Great Elder, although I don’t know what kind of medicine you took, I think that stimulating people’s potential in a short time is nothing more than speeding up the consumption of blood essence. The bone-quenching pill should have some effect.”

Although Yun Chujiu looked very relaxed on the surface, she was actually very nervous. She was now completely seeking the skin of a tiger. If she was not careful, she would be silenced, so she could not make any mistakes.

The great elder once again lamented Yun Chujiu's amazing talent in pharmacology, but he was very suspicious of Yun Chujiu's purpose. What exactly was she going to do? Could it be that she was planning to use this to blackmail him into teaching her alchemy?

"Fang Cao Girl, your talent in pharmacology is indeed not bad. I wonder, what is the purpose of you telling me these things?"

Yun Chujiu's face revealed a worried expression. "Great Old Master, I admit that I do want to learn alchemy from you, but I am more worried about your body.

That kind of medicinal pill can be said to be the medicine of Tigers and wolves. It is extremely harmful to the body. Although the bone tempering pill may have some effects, it is best to find a pill that can cure the root of the problem."

Yun Chujiu's face was slightly red as she said this. It seemed that she did not know how to continue. The great elder frowned. He was asking about her purpose. What did she mean by saying all sorts of things?
