

The Yun Family's Ninth Child is an Imp! Chapter 2130

When Yun Chujiu heard the Great Elder's words, not only did she not shrink back, she even smiled.

The Great Elder was stunned by Yun Chujiu's smile. Although this little girl was not bad looking, her usual temperament made people neglect her looks. This smile actually made people a little dazed.

"Great Elder, although Sister Fangbing is not bad, to be honest, there is no comparison between her and me. Let's talk about talent first, I have the Heavenly Thunder Spirit Root, who else can be as outstanding as my spirit root?"

Of course, you must be worried that I will be killed by Tian Dao, but am I not still alive and kicking now? "My existence is reasonable. Since Tian Dao did not kill me, then it means that my existence is tacitly approved by Tian Dao.

"Moreover, although I am from Guang Shunzhi, my maternal family is a first-class family. "Although my mother was removed from the Ye family back then, this blood relationship can not be wiped out. I don't believe that the Ye family will not cherish family ties in the slightest.

In the end, my greatest advantage over sister Fangbing was that she did not have the talent to refine pills. I had the talent to refine pills. With your guidance, I would definitely be able to enter famous institutions or sects. Moreover, I might even be able to rely on this skill to make the Ye family accept me.

Also, great grandfather, although our Guangshun branch is in the western continent, our ability to earn money is not inferior to any other branch. "My Grandfather supports me in learning alchemy from you, so he will naturally express his support when the time comes.

"Therefore, in conclusion, Great Elder, I am your best choice! "Believe me, that's right! "You have to give me your trust. Not only will I be able to find the antidote, I might even be able to find a pill that will allow you to extend your life.

"Moreover, if there is a suitable opportunity, the Mo family might even become a second-class family, or even a first-class family."

Yun Chujiu was good at guessing the desires of others. She felt that the great elder was only concerned about three things. One was to save his life, and the other was to keep the power of the Mo family in his hands, the last thing was that the Mo family could become a higher-class family.

As expected, Yun Chujiu's words could be said to the Great Elder's heart. He was faintly excited. That's right, what kind of aptitude could be better than the aptitude of the Heavenly Thunder Spirit Root? Although it was possible to be obliterated by the Tian Dao, this was also a gimmick. Perhaps some academies or great sects wanted to take in people with such a special physique.

Most importantly, she was the ye family's bloodline, and she actually overlooked this point! If she could make good use of it, this was a way to quickly obtain the antidote.

Moreover, the little girl's words were very clear. Guang Shunzhi had clearly expressed his attitude. As long as they could think of a way to return to the eastern continent, then Guang Shunzhi would become the big branch's money-making tool in the future.

Although the great elder was extremely excited in his heart, he still said coldly, "What you said makes some sense. However, this matter is of great importance. I will think about it again. If the matter of me taking the medicine were to be leaked, you know the consequences."

"Great Elder, don't worry. I understand the stakes. If I didn't have your permission, if I were to tell others about this matter, I would be struck by lightning and die a horrible death." This guy had almost become a mantra, anyway, this guy was eager to be struck by lightning!

Hearing Yun Chujiu's words, the great elder nodded. "In that case, you can go back. After I have thought about it, I will find a reason to call you over."

Yun chujiu blinked her eyes and said with a smile, "Great Elder, I have a presumptuous request. Can you let me go back to the fifth room after I'm full? I'm Starving!"
