

The Yun Family's Ninth Child is an Imp! Chapter 2131

The Great Elder's face stiffened. He had never expected Yun chujiu to make such a request. He paused for a moment, then, he called a guard in. "Tell the kitchen to prepare an exquisite feast. Fang Cao and I will have lunch together."

After the guard agreed, he left.

Yun chujiu thanked him with a smile. "This is so troublesome. I thought that eating a few buns would be enough. I didn't expect you to reward me with a feast. You are the kindest elder I have ever met."

The corner of the Great Elder's eyes twitched. "Sit there and wait. I think lunch will be ready in less than an hour."

Yun chujiu naturally did not stand on ceremony. She swaggered on the chair.

This fellow would not let go of a single opportunity. She took this opportunity to pick a few questions about alchemy to consult the Great Elder.

The questions this fellow picked were very difficult to come to a conclusion. This was the only way to show her outstanding talent. Moreover, this kind of question was beneficial for the two of them to discuss and deepen the great elder's impression of her.

Yun chujiu and the great elder were chatting enthusiastically over here. Some people in the large room could not sit still anymore.

Mo Fangbing had sent a maid to keep an eye on the great elder's courtyard. She had thought that Yun Chujiu would come out in fifteen minutes at most. After all, the great elder liked peace and quiet, so he wouldn't talk to her all the time.

But after waiting for a while, Yun Chujiu didn't come out, moreover, the maid ran over and reported, "Miss, I heard from Cui Yan in the kitchen that the guards in the Great Elder's courtyard ordered them to prepare a good banquet. They said that they want to entertain Miss Fangcao."

"What? !" Mo Fangbing stood up in shock. How, How was this possible? Not to mention that smelly girl Mo Fangbing, even her grandfather rarely had the chance to have a meal with her great grandfather. What right did Mo Fangbing have? ! What right did she have? !

Cai Yun saw the situation and said, "Eldest miss, when Miss Fangbing and this servant left, they also asked about the food in our manor. Could it be that she was too greedy, so she begged the great elder to give her a banquet?" "The great elder ordered her to do so out of respect?"

Mo Fangbing frowned. "Although what you said makes sense, why does great grandfather have to care about the face of a little girl from a branch? This Mo Fangcao is really evil!"

“Young miss, aren’t you overestimating her? She is just a branch’s young miss, and her spiritual power is so low. She can’t be compared to you at all,” another servant, Cai Xia, said.

Mo Fangbing didn’t say anything. Although she felt that Yun chujie couldn’t be compared to her, she somehow felt a sense of crisis, and her heart felt uneasy.

“Cai Yun, follow me to see grandfather.” Mo Fangbing decided to go to Mo Xiaoquan’s place to find out the truth.

Mo Fangbing brought Cai Yun to Mo Xiaoquan’s courtyard. After the guards passed the message, Mo Fangbing came to Mo Xiaoquan’s study room.

“Fangbing, is there something you want to talk to grandfather about?” Mo Xiaoquan asked with a smile. Although Mo Fangbing was a granddaughter, Mo Xiaoquan had always thought highly of her because of her good aptitude and the fact that her maternal grandfather’s family was a second-class family.

“Grandfather, it’s actually not a big deal. It’s just that Sister Fangcao has been staying in great-grandfather’s study room all this while. Moreover, great-grandfather even ordered the kitchen to prepare a good banquet. I feel that it’s necessary to report this to you. After all, she was invited to admire the flowers in my name.”

“What? She hasn’t left yet? She’s still staying for lunch?”When Mo Xiaoquan heard Mo Fangbing’s words, he was also quite shocked. How was this possible? After his father found out the truth, he should have dismissed that Mo fangcao long ago. Why was she still staying for lunch?
