

The Yun Family's Ninth Child is an Imp! Chapter 2134

Just as Yun Chujiu was about to release another wave of piglets, she saw those piglets with faint spiritual power gather together again, forming a purple piglet.

Not only was the color of this piglet different from the previous piglets, but its body size was obviously larger than the previous piglets.

The purple piglet suddenly pounced on the masked man's face. Because things were too strange, the masked man was a little stunned and was pounced on by the Purple Piglet.

The masked man's face was pasted on by the Purple Piglet, which gave Yun chujiu a chance to use the talisman.

An Feng and the refined iron puppet were all pushed back by Yun Chujiu, and the super grade sudden rupture talisman kept smashing on the masked man's body.

This guy knew that he only had one chance. If he didn't kill this masked man, he wouldn't have another chance to turn the tables. Therefore, he kept throwing the burst talisman and almost threw a sack full of super-grade burst talismans at the masked man.

A loud cracking sound was heard and the masked man's screams were heard. Soon, a deep pit was created on the ground.

Yun Chujiu was afraid that the masked man would not die completely, so she threw away the half-sack of super-grade sudden rupture talisman. Only then did she carefully come to the edge of the deep pit.

The bottom of the deep pit was charred black. Yun Chujiu asked Puppet No. 1 to go down and search for it. She only found a storage ring and a few fragments of jade tokens. It seemed that the masked man had been blown to smithereens.

“Miss Jiu, someone is coming!” An Feng said in a low voice.

“It’s probably someone from the Mo family. You Go first, I’ll deal with it myself,” Yun Chujiu said as she put away the things in the pit and the puppet.

This guy thought for a while and rubbed his face and clothes with the black ash. Then, he jumped to the bottom of the pit and lay down with his face facing the sky.

After the loud explosion, the five houses of the Mo family, the main house of the Mo family, and even the other three houses on the other side of the street were all alerted. As a result, they all sent people to investigate.

Everyone was shocked when they saw the deep pit on the ground. Was it man-made or was it a natural disaster? If it was man-made, then the spiritual power of the two people fighting was too terrifying?

At this time, Mo Xiaoting saw Yun Chujiu at the bottom of the pit and his head buzzed. Did Fang Cao Die? !

Mo Xiaoting quickly flew to the bottom of the pit and checked Yun Chujiu's breathing. Only then did he heave a sigh of relief. The money tree was still alive!

Yun Chujiu took the opportunity to open her eyes and said in fear, "Grandfather, grandfather! You scared me to death!"

Mo Xiaoting comforted her for a while before he carried Yun Chujiu onto his back. The first thing the Mo family did was not to worry about Yun Chujiu's injuries, but to ask what was going on.

Yun Chujiu said in fear, "I was stopped by a masked man when I came out of the house. He said that the Mo family's business of monopolizing the eastern and western continents was immoral and that he wanted to kill me to teach the Mo family a lesson."

"That man's spiritual power was very high, so how could I be his match? I was knocked out with just one slap, so I don't know what happened after that. "I originally thought that I was going to die, but who would have thought that I was still alive. Sob, sob, grandfather, I was scared to death!"

When the Mo family heard Yun Chujiu's words, they could not help but discuss among themselves. Mo Xiaoquan waved his hand and said, "Fang Cao Girl was really scared. Let's go back to the fifth house first! Xiao Fu, the four of you will come to the house tomorrow. Let's discuss this matter."
