

The Yun Family's Ninth Child is an Imp! Chapter 2139

Two days later, Steward Xie came to visit again. "Miss Fangcao, Miss Fangbing invites you to her residence as a guest."

Yun chujiu blinked her eyes. "Only me? Sister Fangjiao, are you coming?"

Steward Xie looked a little unnatural. "Miss Fangbing only invites you."

Yun chujiu nodded, "Alright, then tell Xiao An's grandfather to send me some guards. What if someone attacks me again? I'm really scared!"

Although manager Xie was extremely unwilling, he didn't dare to say anything. After consulting Mo Xiaolan, he sent five guards to escort Yun Chujiu to the Mo family's main house.

After greeting Mo Xiaoting, Yun Chujiu led the five guards to the Mo family's main house.

The five guards were attended to by the servants in the main house. Meanwhile, Yun Chujiu was brought to Mo Fangbing's courtyard by Caiyun.

Yun chujiu knew that Mo Fangbing was going to hit her again. Mo Fangbing did not care at all. As long as it was something that came out of her mouth, she was never afraid.

Sure enough, after Mo Fangbing saw Yun Chujiu, she coldly said a few words. It was nothing more than a warning to Yun Chujiu to recognize her identity and not to have any improper thoughts. Otherwise, she would be taught a lesson.

“Sister Fangbing, what you said is all right, and also very reasonable. However, you have to understand one thing. It’s not that I have to come. It’s the great elder who asked me to come. It’s better for you to say these words to the Great Elder.” Yun Chujiu said with a smile.

Mo Fangbing was rendered speechless. “You, good, good. Mo Fangbing, I’ve really underestimated you. We’ll see!”

Yun chujiu shrugged her shoulders indifferently. As long as she hugged the great elder, Xiao Tengwan, Mo Fangbing was nothing to be afraid of.

Although Mo Fangbing wanted to strangle Yun Chujiu to death, she still asked Caiyun to bring Yun chujiu outside the Great Elder’s courtyard.

After Yun Chujiu entered, she saw the great elder sitting behind the desk drinking tea. His complexion was also a little better than a few days ago.

“Greetings, Great Elder. You seem to be in good spirits today. Are you happy to see me here?” Yun Chujiu said shamelessly.

The great elder almost choked. There was no one else who was so thick-skinned!

“Have a seat!” I think you know my intention for asking you to come this time. I think you can consider your suggestion. However, this matter is of great importance. I Can’t make a hasty decision. Therefore, I need to observe you for a period of time before making a final decision,” the Great Elder said with a serious expression.

“Great Elder, don’t worry. I will definitely perform well,” Yun Chujiu said confidently as long as she gave him a chance.

Hence, from this day onwards, Yun Chujiu would often be invited to the Big House as a guest.

Although the people in the Great Elder’s bespectacled manor were spouting nonsense, paper could not cover fire. The people from the other four houses still knew that Yun Chujiu and the great elder were learning alchemy.

However, compared to the big house, the people from the other four houses were much calmer. If they felt that they should learn, so be it. What else could a little girl who had five uniforms do?

Although Mo Xiaoan suspected that Guang Shunzhi was trying to curry favor with da Fang, he felt that it was unlikely. Although Guang Shunzhi could earn money, da Fang would not risk falling out with the fifth branch and collude with Guang Shunzhi, therefore, he did not care too much.

That night, Yun Chujiu skipped back to the fifth branch after she finished her meal with the first elder.

After practicing on the bed for a while, she felt a burning pain in her right hand again.
