

The Yun Family's Ninth Child is an Imp! Chapter 214

Yun Chujiu was stunned. 'Did this damn grass really understand me?'

Yun Chujiu used her spiritual sense to comfort it. "Be good and listen to me. There are a lot of super-grade blood coagulation pills in my storage ring. They're all yours. In the future, I'll refine even higher grade pills. As long as you don't cause trouble, they're all yours."

The weird grass waved its leaves a few times in a decent manner. It should mean that it agreed.

Yun Chujiu's heart felt as if ten thousand divine beasts were whizzing past it!! Damn it, what exactly was growing in her Dantian?!

How was this just grass? It was f*cking smarter than a human!

Yun Chujiu retracted her spiritual sense and sneakily walked out from the corner. She heard a disciple shouting, "Huh? Those demonic beasts have stopped attacking the array formation!"

"Yeah, look at those in the distance. They've turned around and ran back."

Yun Chujiu moved forward to take a look. She saw that those demonic beasts had a confused look on their faces. They seemed to not understand how they had ran all the way there. After looking at their surroundings, they all ran away.

These demonic beasts came quickly and retreated even faster. In a short while, they had all disappeared without a trace.

Master Xuanyuan and the other peak masters were confused. What was going on?

Everyone discussed for a while but could not find the reason. They could only send their disciples to the mountains to inspect if there was anything unusual.

Yun Chujiu saw that Master Xuanyuan and the others had left. Just as she was about to sneak away, Elder Qi coughed and said, "Yun Chujiu, come here. I have something to ask you."

Yun Chujiu's heart tightened. Could she have been discovered? Did she give herself away?

Yun Chujiu nervously followed Elder Qi into Manager Gao's house! Ding Lang and the others winked at each other with gloating expressions on their faces. They also followed in.

Elder Qi did not stop them and allowed everyone to enter the house.

"Yun Chujiu, I heard that every time you refine pills, you would create a house full of poisonous smoke. What are you trying to do? Don't go to the pill refining room to cause trouble in the future!" Ding Lang had often whispered in Elder Qi's ear, so not only did he say that Yun Chujiu had wasted the resources of the pill refining room, he had even created the matter of the poisonous smoke to cause trouble.

When Yun Chujiu heard this, she immediately felt relieved. 'So it's this matter. Then it would be easy to handle.'

"Elder Qi! You're being wronged! It's a thousand-year-old injustice! Although I don't have spiritual power, I'm still a good child who has self-respect and ambition. I admire Elder Qi's achievements in refining pills very much. If we were to talk about who I admire the most in Spirit Radiance Sect, it would be you, Elder Qi!

"An alchemist... What a sacred profession! I just wanted to give it a try. What if I succeed?"

“I didn’t expect that someone would maliciously slander me. I’ve only burned the herbs. Do you need to slander me for making poisonous smoke? If it’s poisonous smoke, why is everyone alive and kicking? Not a single one of them died.”

Ding Lang and the others by the side nearly vomited blood from anger. It turned out that only their deaths could prove that she had made poisonous smoke.

Elder Qi was not too upset. Firstly, Yun Chujiu’s words were very agreeable to him and secondly, he had always liked hardworking disciples. He pondered for a moment. “Haste makes waste. Since you like refining pills so much, you can use your free time to help me take care of my spirit herb garden!”

Ding Lang and the others simply could not believe their ears. What? Not only did he not punish Yun Chujiu, he actually asked her to help take care of the spirit herb garden? Elder Qi’s herb garden grew high-grade spirit herbs, and Elder Qi had always taken care of it himself.

Even personal disciples like Ding Lang were not allowed to enter and leave as they pleased. Who would have thought that Yun Chujiu, this trash, would actually help take care of it!! Could it be that Elder Qi, like those demonic beasts, had gone crazy?!
