

The Yun Family's Ninth Child is an Imp! Chapter 2144

"F * ck off! Settle it yourself! If you can't settle it, I'll settle it myself!" Di beiming was already very angry even though he couldn't eat the big meal. Now that he was interrupted just as he was about to eat a small snack, one could imagine the depression in his heart.

The miserable dark wind had a confused and confused look on his face. Settle it himself? How should he settle it? Could it be that he killed the person who came?

If it was in the past, this fellow might have thought that di Beiming's words were just to scare him. But now, he was not sure about this evil star who was getting colder and colder. It was better for him to solve it obediently!

The person who came was Mo Fangjiao. She was basically used to coming to Yun Chujiu's place every now and then to gather information. If she did not come in a few days, she would feel that she was lacking something.

She originally didn't want to come over today, but when she thought about the news she heard, she couldn't sit still. Although it was already late, she still ran over.

An Feng saw that Mo Fangjiao was alone and didn't bring a maid, so he gritted his teeth. No matter what, he had to knock her unconscious first. He would let ninth miss handle the aftermath. After all, ninth miss was resourceful and could do anything she wanted.

“Open the door! Mo fangcao, open the door quickly! I have something important to ask you,” Mo Fangjiao said as she knocked on the door.

An Feng cursed in his heart. Something important? ! What was important? ! No matter how important it was, there was still our superior’s unsatisfied desires. Ah, was intimacy important?

An Feng opened the door from the inside. Mo Fangjiao was a little puzzled. The door was open. Where was the maid who opened the door?

Before she could react, an feng swung his knife and knocked Mo Fangjiao unconscious on the ground.

An Feng could not help but let out a long breath. Fortunately, it was night time, and it was a sneak attack. Otherwise, it would not have been easy to succeed. He was not as perverted as his lord. The two maids fainted just by swinging their sleeves!

An Feng closed the door again. He was afraid that Mo Fangjiao would not faint completely, so he smelled some sleeping powder for her. Only then did he feel at ease.

At this moment, di beiming and Yun Chujiu did not have the time to care about who was in the room. As they were kissing each other, di beiming reached his hand into Yun Chujiu’s clothes.

The two of them trembled and started kissing even more intensely.

After a long time, the two of them reluctantly separated. Di beiming only had one thought in his mind. No matter what, he had to get rid of the damn guai Cao. Otherwise, if he kept holding it in, it would really kill him!

Yun Chujiu's eyes were watery, and a thought flashed through her mind. If she could get rid of the guai Cao, she would have to fight with the pretty boy for three days and three nights..

The guai Cao thought that it might be the most hateful grass in the world, but there was nothing it could do. It also wanted to grow in other places, but it could not find a suitable place!

Besides, why did this black-hearted little girl remember to fight and not eat? Who helped her to be immune to all poisons? Who helped her summon Demonic Beasts? Who helped her resist the heat? If it wasn't for this black-hearted little girl, she would have died hundreds of times!

Didn't it just stop two people from having sex? What was so bad about that? It had even made a huge contribution to the late marriage and late childbirth! HMPH!

If Yun Chujiu knew the thoughts of Guai Cao, she would probably turn it into a specimen. HMM, it was the kind of powder specimen.

“Little Jiu, by the way, I came here mainly to hear from an feng that you were attacked. Who Wants to kill you?”Di Beiming’s eyes revealed a trace of viciousness.

“The Ye family, which is also my grandfather’s family.”Yun chujiu told him what happened.

“Although the ye family is a first-class family, to me, it’s no problem to kill them all. Do you need me to kill them all?”Di beiming thought about how Yun Chujiu was almost killed, he did not care about the BULLSH * t three-year pact. He wished that he could kill all the members of the ye family to vent his anger.
