

The Yun Family's Ninth Child is an Imp! Chapter 2154

Yun Chujiu made some noise. Regardless of whether it was far-fetched or not, she had already said all the possibilities that she had thought of. In short, it was the same goal, which was to stir up this matter.

The reason why Yun Chujiu wanted to stir up this matter was firstly to take revenge on Zhu Jinghu, and secondly, she had her own little jiu jiu.

Although the great elder had asked her to come over to learn alchemy, it seemed that she was still hesitating whether to keep her in the eastern continent, so she was prepared to drag mo fangbing down with her.

If she proposed to apply for higher education institutions or large sects, the great elder's side would be fine. The other people in the large sect might not agree, but if she brought mo fangbing along, the chances of agreeing would be greatly increased.

Moreover, this fellow had too many enemies. No matter what, he had to rope in a few allies. Mo fangbing's identity was special. It was very suitable to be used as an ally.

The great elder listened to Yun Chujiu's words and did not speak for a long time. He had lived for so long, so he could naturally tell which of Yun Chujiu's words were realistic and which were exaggerated.

However, he had to admit that this little girl had a lot of foresight compared to Xiao Quan!

Although Zhu Jinghu was the legitimate son of a second-class family, he was arrogant and arrogant. If he caused trouble, he would cause trouble sooner or later. Not only would this marriage not bring benefits to the Mo family, it might even cause trouble.

The seven leaf hollow grass could not be given out. Otherwise, the Zhu family would definitely think that the Mo family did not say anything in the past because they were prepared to use it to exchange for benefits. Not only would they not be grateful to the Mo family, they would even start a feud.

As for what Yun Chujiu said about the death of Ke Fu and Old Lady Zhu, the great elder naturally did not take it to heart. He knew that it was all nonsense from Yun Chujiu.

The great elder sighed, "What a pity! What a pity! If only you were a boy! You are so smart! You are much stronger than your grandfather, Xiao Quan! That stupid fool could not wait for me to take out the seven-leafed hollow grass yesterday. Sigh!"

Yun chujiu laughed dryly. "Great grandfather, grandfather Xiao Quan is in the middle of this. I'm a bystander. What do you plan to do?"

"You sure know how to Talk!"! She naturally couldn't agree to this matter, but how could this matter be resolved satisfactorily? "As far as I know, it was your uncle Yonghui who leaked the seven-leaf hollow grass, and then the Zhu family told the Pan family."

The great elder stared at Yun chujiu with a burning gaze. The reason why he did not give the Pan family a reply was that he did not think of an excuse to not offend the Zhu family and to reject the matter.

“Great Elder, the Pan family is using the marriage as a bargaining chip, so as long as they do not hand over the seven-leafed hollow grass, the marriage will naturally come to an end.

“As for the seven-leafed hollow grass, it is also easy to deal with it. A few days ago, when I was reading a book here, there was a record that the seven-leafed hollow grass was very similar to the seven-leafed reed, however, from its appearance, there was almost no difference.

Only after the leaves were pulled out would there be a slight difference. The juice inside the seven-leaf clover was slightly thicker, while the juice inside the seven-leaf reed was similar to clear water, and had a faint fruity smell.

You could have told Pan that at first, you thought that the seven-leaf clover in your hand was going to be offered to the Zhu family, but later found out that it was only the seven-leaf reed, so you didn't offer it to the Zhu family.

The key to this matter is that you must get a seven leaf reed as soon as possible, and you must not let the Zhu family find out about it. Otherwise, it will backfire,”Yun Chujiu said with a smile.
