

## The Yun Family's Ninth Child is an Imp! Chapter 2164

After hunchback heard Yun Chujiu's words, he readily agreed, "What's so difficult about that? ! Don't worry, I'll directly give you a pass for the four-month limit.

"Oh right, little girl, I've been on duty here for the past year. You Don't have to come here personally next time. Just send your subordinate over. I'll also give you a pass for the four-month limit.

"An obedient little girl like you won't do anything bad. There's no need for tests or anything like that."

Yun chujiu was pleasantly surprised. She covered her mouth with her hand and looked incredulous. "My Lord, is... is this really okay? It Won't bring you any trouble, right?"

The hunchback's confidence suddenly swelled. He patted his chest and said, "I can still make the decision on such a small matter. Don't Worry!"

Yun chujiu naturally thanked him profusely. Her compliments were like free money. It was as if she was trying to trick the hunchback to the point that he was standing shoulder to shoulder with the sun!

The two of them chatted for a while more before hunchback brought Yun chujiu back to the office and looked at manager Liu a few times.

The reason why hunchback looked at manager Liu a few times was to remember him the next time he came. However, manager Liu had a misconception. What exactly did this little ancestor say to this manager? Why did that manager keep looking at him? Could it be that the little ancestor was scheming against him again? That was not right. He had not provoked the little ancestor recently!

Hunchback quickly completed a temporary pass and handed it to Yun Chujiu. Yun Chujiu took the pass and happily brought manager Liu onto the Flying Spirit Tool.

After the Flying Spirit Tool traveled for a distance, Yun chujiu waved at manager Liu. "Manager Liu, come here. I want to show you something good."

Manager Liu looked baffled. When he walked over, Yun Chujiu waved a jade slip in her hand.

"Miss Fangcao, isn't this, isn't this a temporary pass?" Manager Liu asked in confusion.

Yun chujiu pouted and handed the temporary pass to manager Liu. Manager Liu took it and looked at it, then he was dumbfounded!

"Four, four months? That's not right! Our Mo family only has two months of authority, why is your temporary pass limited to four months?" Manager Liu rubbed his eyes and read it several times, word by word.

“Aiya, manager Liu, that’s why you still have to continue learning! You still have a lot to learn! Although our mo family only has two months of authority, isn’t it four months for the two of us together? “Now that my grandfather has returned, of course I have four months left!”Yun Chujiu said with a smug look.

This fellow felt that spending one million spiritual stones was simply worth it! This way, she would save at least half a month’s time on the inside and outside. Moreover, she wouldn’t have to come over personally next time, which would save a lot of time. What was time? Time was money! One million spiritual stones was a small matter!

Manager Liu was completely dumbfounded. Why did she bring it along like this? He had never heard that a family’s pass could add up to a person’s head. This was too incredible!

Just as manager Liu was in a daze, yun chujiu said leisurely, “Do you know why that Hunchback kept staring at you?”

Manager Liu shook his head with a blank look, “I don’t know. Do you know the reason, Miss Fangcao?”

“Yes, the reason why the hunchback looked at you was to remember your appearance. Because the next time I change my temporary pass, I don’t have to come over personally. You can just take my temporary pass and change it for me for four months.”
