

## The Yun Family's Ninth Child is an Imp! Chapter 2165

Manager Liu's mouth was wide open. His eyes were filled with shock and disbelief. This... This could be done? What exactly did this great aunt say to that hunchback? That hunchback actually treated her so well? Could it be that hunchback was her long-lost relative?

"Do you really want to know how I Did It?" Yun chujia asked with a smile.

Manager Liu nodded his head vigorously. He was really curious!

"I can tell you, but this is a good opportunity for you to learn. Are you going to listen to me for Nothing?" Yun chujia crossed her legs and asked with a half-smile.

"How much is that?" Manager Liu staggered. He had to pay for the tuition fee to listen to gossip? Little ancestor, can you be more unkind?

"We are old acquaintances. I Won't charge you more. One Million!"

Manager Liu shook his head like a rattle-drum. "Miss Fangcao, I, I still won't Listen!"

“Why are you in such a hurry?” I haven’t finished speaking. We are so close. I’ll give you a discount. 200,000! How about it? The discount is low enough, right? Let me tell you. Don’t look at it as a small matter. You can learn many tricks from it. I guarantee that you will benefit from it for your whole life. “Two hundred thousand is just the money for a high-end dress. Two hundred thousand won’t make you suffer, two hundred thousand won’t make you fall for it...”

“Miss Fangcao, I’ll buy it! I’ll buy it!” Manager Liu thought to himself. I’ll buy her to shut up with money! Otherwise, this little ancestor might turn two hundred thousand into five hundred thousand!

Yun Chujiu accepted manager Liu’s two hundred thousand with a smile. “That’s right! Money is a bastard. If we lose it, we’ll earn more. We only get what we give up.”

Manager Liu’s face was stiff. It was easy to say. Was money that easy to earn? In the blink of an eye, the 200,000 yuan was gone. He wanted to hear how this little ancestor tricked that hunchback.

Yun chujiu immediately told manager Liu the whole story. Manager Liu was dumbfounded. How could she play this game? She was the one who asked the hunchback to do something. How did it become that the hunchback took the initiative to help her?

“How is it? Manager Liu, is my one million worth it?” Yun chujiu asked smugly.

“It’s worth it! It’s simply worth it! Miss Fangcao, I heard that someone once spent tens of millions of spirit stones trying to find someone to accommodate him for a few days, but it was unsuccessful. I didn’t

expect that you spent one million to extend it by two months. Moreover, you don't have to go personally next time. You're really amazing!"

Manager Liu silently added in his heart. How the F \* CK is it a million? You black-hearted person clearly only spent 800,000. That 200,000 is mine, it's mine!

"Manager Liu, I won't let your 200,000 go to waste. I'll give you some pointers now. Sometimes when you ask someone to do something, don't make things clear right away. Also, don't Kowtow and give money right away. "Although money is a good thing, sometimes it has to be combined with other things to be useful.

"Most importantly, you'd better let the other party take the initiative to offer help. This way, he will feel comfortable and will do his best."Yun Chujiu said with a smile.

Manager Liu nodded repeatedly when he heard that. He felt that the 200,000 dollars was not wasted. Although this little ancestor was full of bad ideas, he had to admit that she was too proficient in the ways of the world.

It was a journey of eight days from the border between the eastern and western continents to Tiger City. Yun Chujiu was not in a hurry to travel, so when she saw a forest below, she suggested to go for a few days of training.
