

The Yun Family's Ninth Child is an Imp! Chapter 2166

Upon hearing Yun Chujiu's words, manager Liu could not help but complain in his heart, "Miss FANGCAO, although your intentions are good, we only have five guards with us. Moreover, our spiritual power isn't particularly high. What if we run into danger?"

"Let's just walk around the edge of the forest. We're not going in. It's fine. We'll just take it as a distraction,"yun chujiu said with a smile. She had already made contact with an Feng, and an Feng was not far away from her, it was not a problem for them to walk around the edge of the forest.

Manager Liu knew that Yun Chujiu had a good idea, so he did not dare to say anything more. He let the flying spirit tool land on the edge of the forest.

"Manager Liu, what's the name of this forest?"Yun chujiu asked while looking at it curiously.

Manager Liu took out the map and looked at it, his expression changed. "Miss Fangcao, this forest is a psychedelic forest. It's said that there are many poisonous mushrooms in the depths of the forest that can make people hallucinate. Why don't we go somewhere else?"

"Don't worry, I'm just walking around the edge."When Yun Chujiu heard that there were poisonous mushrooms, she was overjoyed. The more poisonous the mushroom, the more delicious it was. No matter what, she had to pick some poisonous mushrooms to eat back home.

Manager Liu and the others did not know what this guy was planning. They believed him and followed Yun chujiu into the psychedelic forest.

The outer area of the psychedelic forest was no different from the forest in the western continent. There were only some yellow rank herbs on the ground occasionally, which proved that the spiritual energy here was very rich.

Yun chujiu saw some wild fruits inside and didn't care whether they were poisonous or not, she just kept pulling them into her storage ring.

Manager Liu clicked his tongue as he watched, thinking to himself that this little ancestor was really over the top, not even letting go of wild fruits.

As they walked deeper, some demon beasts began to appear. However, perhaps because of the edge, the level of the demon beasts that appeared were not very high, and most of them were around level 27.

As Yun Chujiu was pretending to be a pig to eat a tiger, she was clearly at level four of the spiritual profound realm. Others looked like they were only at level six of the spiritual venerable realm, so when they saw a level 27 demonic beast., manager Liu said fawningly, "Miss FANGCAO, didn't you want to have a trial? It's most suitable to use this level 27 long-horned violent bull to practice."

Yun chujiu curled her lips. "Too weak. Why use a butcher's knife to kill a chicken? I'll only attack if I meet someone of a higher level."

Manager Liu cursed in his heart. You're only at the sixth level of the spiritual venerable realm, what are you so arrogant for? ! You might not even be able to deal with someone at the twenty-seventh level? ! And you still dare to dream of dealing with someone even more powerful?

Just as manager Liu was thinking about it, he heard a few sneers. "Some people really overestimate themselves. Someone at the sixth level of the spiritual venerable realm is still so picky about dealing with high-level demonic beasts. It's simply hilarious."

"That's right. Does she think that anyone can come to this psychedelic forest? One look and you can tell that she's a country bumpkin. She doesn't know anything. She's just here to court death!"

Along with the sneers, a group of people walked over from afar. There were men and women, and there were many guards following behind them.

Yun chujiu saw at a glance that there was an ancient character embroidered on the corner of a red-clothed girl's clothes — ye!

Yun Chujiu's eyes darkened. A member of the Ye Family? It was really a narrow road for enemies. She did not know who the person was from the Ye family.

Manager Liu was very shrewd. When he saw that the person was not to be trifled with, he immediately gave Yun chujiu a look to advise her not to cause trouble, or else she would get into trouble.

Of course, Yun Chujiu was not stupid enough to hit a rock with an egg. Not to mention the spiritual power of these young men, the guards behind them did not seem to have a lower spiritual power than an Feng. They were probably at the spiritual void level., it would definitely not end well if they fought.
