

## The Yun Family's Ninth Child is an Imp! Chapter 2168

Yun chujiu nimbly dodged the iron-bone wild boar's attack and fired several bolts of lightning at the boar.

As Yun Chujiu's spiritual power increased, the number of bolts of lightning she fired not only increased to eight, but each bolt of lightning was as thick as an adult's pinky finger.

Whether it was manager Liu or the five guards, it was the first time they saw Yun chujiu use her spiritual power to attack. They were all dumbfounded. So this was the spiritual power attack of the Heavenly Thunder Spirit Root. It was really awesome! This was simply a miniature heavenly thunder!

However, after they were shocked, they shook their heads. Although the spiritual power attack of the Heavenly Thunder Spirit Root was pretty awesome, as the spiritual power increased, it was better to use a spiritual beast to attack, they didn't know if Miss Fang Cao could materialize her spiritual power.

Just as they were nodding and shaking their heads, a burnt smell suddenly came along with the screams of the ironbone wild boar.

They took a closer look and saw the huge body of the ironbone wild boar fall to the ground. Black smoke rose from its body. It was obviously dead!

Manager Liu and the five guards looked at each other. What exactly happened? How did the ironbone wild boar die in the blink of an eye?

They were dumbfounded, and Yun Chujiu was even more dumbfounded. Her back was facing manager Liu and the other three. She stared at her right hand. At the moment just now, there seemed to be a flame shooting out from her palm. Then, she realized that the ironbone wild boar was emitting black smoke, could it be the ten-thousand-year-old fire marrow?

The flame on Yun Chujiu's right palm was no different from usual, as if everything was an illusion for Yun Chujiu.

"Miss FANGCAO, you are really amazing! You killed a level 30 ironbone wild boar in less than three moves!" Manager Liu came back to his senses and said flatteringly, he thought that Yun chujiu used the power of lightning to kill the ironbone wild boar, and the reason why the ironbone wild boar was emitting smoke was naturally the result of lightning.

Yun chujiu couldn't explain further. She said with a smile, "Of course. I have a heavenly thunder spirit root, so I naturally have special abilities. Let's go. Let's continue to take a look inside."

Manager Liu saw that Yun chujiu was indeed capable, so he didn't stop her and continued to follow Yun chujiu inside.

Not long after, they met a level 32 sword-toothed double-tailed leopard.

Yun Chujiu wanted to test the ten-thousand-year-old fire marrow, so before manager Liu and the others could react, Yun chujiu rushed forward and fought with the saber-toothed double-tailed leopard.

Manager Liu was anxious and angry. He thought to himself, this Miss Fang Cao was too easy to be proud of. Although she had easily killed the ironbone wild boar just now, it was still a level 30 demonic beast after all, and this saber-toothed double-tailed leopard was level 32! That was equivalent to the second to third level of the Lingxuan realm. Could she do it?

“Be careful. If Miss Fangcao is no match for you, hurry up and save her...”

Manager Liu’s words came to an abrupt end because he heard a few screams from the saber-toothed twin-tailed leopard. Then, he saw that the saber-toothed twin-tailed leopard had turned into a corpse that was emitting black smoke.

Manager Liu and the five guards were so shocked that they could not speak. How was this possible? In the blink of an eye, the level 32 saber-toothed twin-tailed Panther had died?

They were shocked, and Yun chujiu was even more shocked. This ten-thousand-year-old fire marrow was too awesome, wasn’t it? It was only in its infancy, but it was already so powerful? It could practically be compared to Xiao Heiniao’s nirvana fire!

Xiao Heiniaoy was immediately unhappy. "Master, What You Said is wrong! The ten thousand years fire marrow only injured a level 32 demonic beast. Back then, my nirvana fire killed a large group of high level demonic beasts, and there was no lack of level 37 and above demonic beasts. Moreover, I am only a small, small, small Phoenix!"
