

The Yun Family's Ninth Child is an Imp! Chapter 2170

That afternoon, Yun Chujiu killed two more level 33 demon beasts.

During dinner, Yun Chujiu looked at manager Liu and the other six people, she smiled and said, "I'm good at everything, but if someone tells others some of my secrets, I'll definitely be very unhappy. Manager Liu understands the consequences of my unhappiness, okay?"

Manager Liu could not help but shiver. He immediately understood the meaning behind Yun Chujiu's words, he immediately said, "Miss FANGCAO, don't worry. I will keep my mouth shut about what happened in the psychedelic forest. I Won't tell anyone. If I say anything, I will be struck by lightning and die a horrible death."

The other five guards were not stupid. They immediately swore the same oath as manager Liu.

Yun Chujiu said with a smile, "Sigh, I was just saying that. Look, you all took it seriously!"

The corners of manager Liu and the five guards' eyes twitched violently. This was the guy who had said that he was taking advantage of them, right? Did they dare not take it seriously? What did you mean when you said that while holding a large kitchen knife?

In the next few days, Yun Chujiu spent her time at the edge of the psychedelic forest looking for Demon Beasts to train. Manager Liu and the five guards were lucky enough to witness the perverted little purple needle again.

They were already numb to it. Miss Fangcao was a pervert anyway, so it was normal for any perverted thing to happen to her. Really, it was normal.

On the morning of the sixth day, manager Liu said to Yun chujiu, "Miss Fangcao, we have already stayed in the psychedelic forest for five days. It's time for us to leave."

Yun chujiu nodded. Although she was drooling over the poisonous mushrooms in the center of the psychedelic forest, she realized that the level of the demonic beasts in the psychedelic forest was too high. There was no way for her to reach the center of the psychedelic forest, therefore, she didn't plan to take the risk and go there.

She had to admit that this guy had learned his lesson from the incident in the fallen Phoenix Forest last time. No matter how good the things were, if the risk was too high, it was better not to take the risk.

"Master, do you really want to eat those poisonous mushrooms?" Xiao Mogu, who always kept the mushrooms in the corner of the Spirit Beast Bag, suddenly asked Yun chujiu.

Yun Chujiu was stunned. "Of course. I heard that the poisonous mushrooms taste very delicious. I want to make some stewed meat to eat."

"That's easy. I'll help master make some. You just wait here." Xiao Mogu said confidently.

Yun Chujiu was skeptical. Xiao Mogu was not lying, right? How could it make poisonous mushrooms for her?

Manager Liu saw that Yun Chujiu said to leave, but her legs did not move. He had to force himself to ask, "Miss FANGCAO, should we go outside?"

"No Rush, I'm a little sleepy. Let me take a nap before we leave!" Yun Chujiu yawned and said.

The corner of manager Liu's eyes twitched violently. Little ancestor, even if you want to lie, can you please find a sincere excuse? It's only been two hours since you woke up, and you're already sleepy? Are you kidding me?

Although manager Liu was complaining in his heart, he did not dare to say much. He could only protect Yun chujiu in the middle with the five guards. He watched Yun Chujiu sitting cross-legged on the ground with her eyes closed to rest.

After a while, everyone smelled a charming fragrance. It was a fragrance that made people's souls tremble!

Manager Liu and the five guards looked a little distracted. They stood up and planned to follow the fragrance.

Yun chujia quickly jumped up and took out a self-made gas mask from her storage ring and gave it to them. She shouted sternly, "Put it on quickly. This fragrance is poisonous!"
