

The Yun Family's Ninth Child is an Imp! Chapter 2172

Manager Liu and the five guards heard Yun Chujiu's shout and suddenly woke up. They subconsciously took the "Gas mask" that Yun Chujiu handed over.

Manager Liu and the five guards looked at each other with the gas mask in their hands. What was this strange thing used for? How did this thing work?

Yun chujiu could only take out another gas mask to demonstrate. Manager Liu and the others then imitated Yun Chujiu and put on the mask.

Everyone couldn't help but feel that this thing was very magical. After putting it on, they actually couldn't smell the strange fragrance.

Yun chujiu took out a lot of gas masks and handed them to them. "This gas mask only has a half-minute effect. Remember to change it when you have the time."

Manager Liu said worriedly, "Miss Fang Cao, I think this fragrance is a little strange. Let's hurry and leave."

Before Yun Chujiu could say anything, a guard cried out in surprise, "Oh my God! Oh My God! The mushroom has become a spirit! The mushroom has become a spirit!"

Yun chujiu looked in the direction the guard pointed and saw a group of colorful mushrooms jumping towards them.

Not only were the mushrooms different in color, but their shapes were also strange. However, one thing was for sure, these mushrooms were all poisonous mushrooms.

“Miss Fang Cao, the mushrooms have turned into spirits! Let’s... Let’s run!” Manager Liu felt his legs go soft, although there were demonic plants in this world, only demonic plants that had reached a certain level could leave the place where they grew. These mushrooms had not reached such a high level yet they had all run over on their own. There must be something fishy about this!

Just as manager Liu was trembling slightly, he saw the little ancestor’s eyes crack into a smile. Not only did he not run out, but he even ran towards the poisonous mushrooms as if he had seen a spirit stone.

“Miss! Come back! It’s poisonous! Those are poisonous mushrooms!” Manager Liu even omitted the word “Fragrant grass”.

Just as manager Liu and the five guards were about to go forward and Drag Yun chujiu away, they saw Yun chujiu start to pick the mushrooms.

The mushrooms seemed to be frozen by something and were obediently put into Yun Chujiu's storage ring. This guy was so happy picking mushrooms that he even hummed a song, "A little girl with a big bamboo basket on her back..."

Manager Liu and the five guards were dumbfounded. Oh God, what on Earth happened? ! Could it be that these mushrooms were sent to the little ancestor for him to pick? ! ? This, this is too unbelievable!

Yun chujiu still had some conscience. She felt that they were almost done picking, so she used her spiritual sense to say to Xiao Mogu, "Xiao Mogu, I think it's enough. You let the rest of the mushrooms wander back!"

Yun chujiu was not stupid. Of course, she would not think that these poisonous mushrooms came by themselves. It was probably Xiao Mogu who hooked them up. Xiao Mogu and Guai Cao were a perfect match. One could hook up with demon beasts and the other could hook up with mushrooms.

Xiao Mogu's mycelium swayed, and the poisonous mushrooms all turned around and hopped back.

Manager Liu was about to talk to Yun Chujiu when he heard a scream from afar. It seemed to be the group of people he met a few days ago.

Manager Liu could not help but be shocked. "Miss fangcao, it seems to be those people we met before. Let's leave quickly. Otherwise, we might get into trouble."

Yun chujju also felt that it was better to avoid trouble. After all, the poisonous mushrooms had already been obtained, so there was no need to meet them, so she nodded. "What you said makes sense. Let's go, let's leave this place quickly."
