

The Yun Family's Ninth Child is an Imp! Chapter 2173

Yun chujiu knew that if she wasn't careful today, she might not be able to escape. Thus, she took out a gas mask from her storage ring. "We relied on this to survive for a while before we ran out."

Liu Jinluan's brother curiously took the gas mask from Yun Chujiu's hand and studied it for a while, he couldn't help but click his tongue in wonder. "Although the principle of this little thing is very simple, its design is very clever. It can last for a while without being poisoned."

Liu Jinluan curiously took it over and looked at it. She curled her lips. "Only country bumpkins like them know how to use this thing. We only need to take the hundred herbs antidote pill to last for two hours. We don't need these broken things at all."

Yun chujiu said indifferently, "Everyone, since you've asked all the questions, can we leave now?"

Liu Jinluan waved her hand impatiently. "Let's Go! Let's Go! I reckon that you don't have the ability to pick the seven-colored crystal mushroom."

Yun chujiu turned around and was about to leave when ye Bingyu suddenly said coldly, "Capture them all and search them."

When the guards heard ye Bingyu's words, they immediately leaped forward and surrounded Yun chujiu and the other three people in the middle. They were about to search them.

“Wait! Miss Ye, since you have no evidence to prove that we took the Rainbow Crystal Mushroom, why are you searching us? Moreover, this psychedelic forest is not your ye family’s territory. What right do you have to search us?” Yun Chujiu’s face was very calm, however, the anger in her heart suddenly rose. It seemed that the ye family was not a good thing!

Ye Bingyu could not help but sneer. “No Wonder Jinluan said that you are a country bumpkin. In the immortal Yuan continent, strength is respected. How could there be so much logic? Not to mention that we are only searching you, even if we kill you, you will have to suffer!”

Yun chujiu laughed lightly and turned to look at Liu Jinluan’s brother. “This young master, what do you say?”

Liu Jinluan’s brother frowned slightly and said to ye bingyu, “Bingyu, they don’t seem to be lying. It’s more important to look for the Rainbow Crystal Mushroom. Don’t cause trouble.”

Ye bingyu said unhappily, “Brother Pin Yan, you know the importance of the Rainbow Crystal Mushroom, so you’d rather kill a thousand than let one go.” “Besides, they’re just a few good-for-nothings. What trouble can there be?” “If you’re afraid of being implicated, your Liu family’s guards shouldn’t do anything. Our Ye family’s guards can do it themselves.”

Liu Pinyan obviously had a good impression of ye Bingyu. Hearing ye Bingyu’s words, he couldn’t help but feel embarrassed, he turned to Yun chujiu and said, “Miss, the seven-colored crystal mushroom is very important to us. As long as you hand it over obediently or let us search you, I Promise I won’t kill you.”

Manager Liu was drenched in cold sweat, he lowered his voice and said to Yun chujiu, "Miss, we didn't take the seven-colored crystal mushroom anyway. Just let them search you. You're the Miss, so it's okay to let the Miss Search You."

Yun Chujiu's eyes turned cold. "Manager Liu, it seems that you haven't learned my essence. There are some things that you can lower your head and compromise, but there are some things that are related to dignity. Even if you know that you're no match for them, you can't compromise! "I will not let them search you. If you surrender today, then don't follow me anymore."

Manager Liu and the five guards looked at each other. In fact, they were not Yun Chujiu's people now. They were just lent to her by the five guards. They were conflicted..
