

The Yun Family's Ninth Child is an Imp! Chapter 2174

Manager Liu and the others knew the hidden meaning behind Yun Chujiu's words. If they listened to Yun Chujiu and luckily escaped this time, then Yun Chujiu would definitely think of a way to recruit them as her subordinates in the future.

If they submitted to the other party, then in the future, the bridge would return to the road. Although Yun Chujiu did not say that she would punish them, she would not recruit them again.

After Liu Jinluan heard Yun Chujiu's words., she laughed hysterically. "TSK TSK, you country bumpkin, what dignity do you think you have? You really make me laugh! Do you really want to listen to her nonsense? You Don't even have your life, yet you still want to be Shameless?"

"The few of you, quickly surrender and I will make the decision to let you go. If this country bumpkin resists, then only death awaits him."

After hearing Liu Jinluan's words, the guards that they had brought along also let out mocking laughter. Clearly, they felt that Yun Chujiu's words were not only overestimating her own abilities, but were also extremely laughable!

Manager Liu and the five guards were originally still wavering. However, they were provoked by these mocking laughter. At the very most, they would just die. They would fight it out!

Of course, their subconscious still felt that Yun chujiu, this little ancestor, had a lot of bad intentions. She might be able to escape unscathed. If that was the case, with this little ancestor's petty temper, she would definitely give them a hard time. She might even suffer a fate worse than death. Since that was the case, they might as well fight it out now. At least she would still be a man!

"Miss, we will listen to you!" Manager Liu and the five guards stood straight and protected Yun Chujiu in the middle.

Yun chujiu was a little surprised. She felt that these people were not her subordinates. Even if they ran away, it would not be a big deal. She did not expect them to be so loyal. Since that was the case, she would naturally not mistreat them in the future.

If this guy knew that manager Liu and the others were afraid that she would take revenge later, he probably would not think that way.

When Liu Jinluan and the others heard manager Liu's words, they were quite surprised. They didn't expect these people to be so tough.

Before Liu Jinluan said anything, ye bingyu said viciously, "Kill them all."

Liu Pinyan glanced at Ye Bingyu. Although he didn't agree with her, he didn't stop her. There was no need to offend her because of a few strangers.

Ye Bingyu stared at Yun Chujiu coldly. She didn't know why, but she didn't like this B * tch, and she felt uneasy. Only by killing her could she get rid of this uneasiness.

Yun Chujiu and the others had nothing to say now. They could only fight to the death. Killing one was enough, killing two was enough to earn one.

Manager Liu was at the ninth level of the spiritual venerable realm, and the five guards' spiritual power was around the eighth level of the spiritual profound realm. The guards on the other side all had spiritual power above the spiritual void realm, and there were more than twenty people on the other side.

Fortunately, the guards obviously felt that Yun Chujiu and the others were too weak, so only ten or so people came to fight. The others only surrounded them and did not participate in the battle.

Even so, manager Liu and the others were very uncertain. If the little ancestor did not have any trump cards, they would be finished in less than fifteen minutes.

A dark light flashed in Yun Chujiu's eyes. The only way now was to take risks!

Yun chujiu asked manager Liu and the others to protect her in the middle. She used her sleeve to cover the voice transmission talisman and gave an feng a few instructions.

An Feng did not appear because he had the same plan as Yun Chujiu. After receiving Yun Chujiu's voice transmission talisman, he quietly approached ye Bingyu and the others.
