

The Yun Family's Ninth Child is an Imp! Chapter 2178

The most brutal method was naturally to seek help from di beiming and have di beiming kill all the members of the Ye family. This way, he wouldn't have to worry about the ye family's assassination and revenge.

However, Yun Chujiu felt that this method wouldn't work. Firstly, di beiming himself was in great danger. If he were to divert his attention to deal with the Ye family, it might bring him danger.

Secondly, di Beiming's enemies were obviously very powerful. If di beiming were to destroy the Ye family, the commotion wouldn't be small. It would definitely attract the attention of the other party. At that time, they would probably follow the clues and trace it back to Yun Chujiu. There would be endless trouble in the future.

Thirdly, the people of the Ye family might not be her mother's enemies. If the incident back then was caused by only a few people, then if the Ye family was exterminated, her mother would definitely blame her in the afterlife.

Fourthly, the Ye family was a first-class family. They definitely had their own strengths. Who knows, they might even have some hidden power. Who knows, they might even be bitten by a snake instead of being killed.

Moreover, there was a complicated relationship between large families. If the Ye family asked for help from other large families, di beiming might not have the confidence to win.

Hence, the idea of letting di beiming exterminate the ye family was not feasible.

The Mo family could not be counted on. Right now, the great elder did not know that she had offended the ye family and was being hunted down by the Ye family. If he knew, the great elder would definitely hand her over to the ye family.

The chaos origin sect and the killing origin sect were famous enough, but distant water could not quench the thirst of the near future.

That was a super sect. Even if Yun Chujiu tried to find a way to get to the location of those two sects, she might not even be able to enter the mountain gate. After all, even a first-class family like the Ye family was nothing in front of such a large ancient sect.

Although she had the identity rings of Patriarch Yuan Tian and the Hongyuan old group, what use was that? ! If she did not have the strength, it would be courting death if she took it out!

This was also not possible, that was also not possible. There was only one way left, and that was to enter an advanced academy or a first-class sect. This way, at least within the academy and sect, the Ye family would be more restrained.

However, she didn't know if it was the season to recruit students and disciples?

Yun chujiu pondered for a while and then came to look for Mo fangbing.

“Sister fangbing, the Zhu family’s matter has temporarily come to an end. It’s time for us to get down to business! I’m a person with limited information. I wonder if there are any advanced academies or first-class sects that recruit students or disciples recently?”

Mo fangbing took out a few pieces of paper and handed them to Yun Chujiu. “I’ve already sent people to collect them. Take a look!”

Yun chujiu took the few pieces of paper that Mo Fangbing handed over. She couldn’t help but look at Mo Fangbing in a new light. This Mo Fangbing was really not bad. She didn’t even need to be reminded to make preparations.

After Yun Chujiu finished reading the contents of the paper, her heart was filled with joy. She didn’t expect that there were actually schools and sects that were recruiting students. It was really timely!

“Sister fangbing, there are more than ten schools and sects listed here. What do you think about this? Which one do you plan to go to?”Yun chujiu asked Mo fangbing with a smile.

Mo fangbing had obviously studied it many times, she said with some difficulty, “Although there are more than ten schools listed here, some of them are too far away from us. Some of them are not

suitable for women, and some of them don't have a good reputation. After the selection, there are only four schools left. "The WA Stone Academy, the Heaven Punisher Academy, the heartless sword sect, and the vast sea sect."

"Sister fangbing, what are the advantages and disadvantages of each of these four schools? Which School do you prefer?" Yun chujia picked up a spirit fruit and began to eat it.
