

The Yun Family's Ninth Child is an Imp! Chapter 2182

Hearing Mo Fangbing's words, Yun chujiu changed the topic. "Sister Fangbing, from the information you've gathered, the Wa Stone Academy and Xingtian Academy seem to be incompatible with each other. Don't tell me that the students on both sides are going to fight for fun?"

Mo Fangbing's face stiffened. She didn't expect Yun Chujiu's style to change so quickly. Just a moment ago, they were still discussing the matter of snitching, but now, it had shifted to the two academies fighting.

"Of course not. First of all, there are no martial arts in Tianluo City. Those who violate the rules will be punished by the city rules. Secondly, the two academies also have a clear rule that they are not allowed to fight with the students of the other Academy in private.

"Moreover, if the students of the two academies want to compete, Tianluo City has a special competition stage. As long as the fees are paid, the two sides can compete. Therefore, no one will fight in private."

Yun chujiu was delighted. This rule was good. Even if she was unlucky enough to meet that little b * tch, Ye Bingyu, she would not dare to make a move in Tianluo City. As for the Mo family, Ye Bingyu was just a junior of the Ye family. The number of people she could command was limited. She did not dare to be so arrogant as to destroy a third-class family.

What Yun Chujiu did not know was that the ye family was already in a mess.

At midnight yesterday, more than half of the doors of the ye family had been blown to smithereens. Ye Bingyu's courtyard was in an even worse state. Even the house had collapsed into ruins. Fortunately, everyone was a cultivator. Other than being shocked, they didn't suffer any injuries.

On the green stone slab of Ye Bingyu's courtyard, there was a huge "Kill" written in cinnabar! It was as red as blood, a shocking sight!

Ye Bingyu was so scared that she was trembling. She knew that this was a warning. If the other party wanted to kill her, it would be as easy as flipping over her hand. who was the one who warned her?

Ye Bingyu suddenly thought of Yun Chujiu, but she shook her head. She felt that this was impossible. That B * Tch's spiritual power was so low, how could she have such a strong backer? Then who did it?

After the Master of the Ye family found out about this, he called ye Bingyu over and asked her sternly if she had offended anyone recently?

Ye Bingyu had already sworn an oath, so naturally, she could not tell anyone about Yun chujiu. She could only grit her teeth and say that she had not offended anyone.

The Master of the Ye family could not get anything out of her, so he had no choice but to have people seal the news and secretly send people to investigate, but they found nothing. The Ye family had no choice but to increase their vigilance to prevent that person from coming to seek revenge again.

Ye Bingyu was in a constant state of panic. After thinking about it for a long time, she decided to withdraw the men who had been lying in wait at the border between the eastern and western continents. If there was nothing to be afraid of, then there was nothing to be afraid of. If it really was that slut's backer, then it would be terrible.

Ye Bingyu still felt that the ye family wasn't too safe, so she decided to report to the WA Stone Academy ahead of time.

Every time the WA Stone Academy recruited students, they would give each first-class family two exemption places. The Ye family's two exemption places were given to Ye Bingyu and her cousin, Ye Wenhong. The Liu family's free admission slots were given to Liu Pinyan and Liu Jinluan.

As soon as ye Bingyu and the other three entered Tianluo city, Liu Jinluan said in surprise, "Bingyu, look, isn't that that Stinky Girl?"

Ye Bingyu followed the direction of Liu Jinluan's finger and looked over. She saw a beautiful girl talking to three people. It was the stinky girl she met in the psychedelic forest!

Ye Bingyu recalled the humiliation she had suffered that day and quickly walked in front of Yun Chujiu. "B * Tch! You actually dare to come to Tian Luo City?!"

Yun chujiu was having a lively conversation with Xue Wuji and the others. When she saw Ye Bingyu and the others, she frowned. It was really a narrow road for enemies. However, she did not dare to do anything in Tian Luo City.
