

The Yun Family's Ninth Child is an Imp! Chapter 2188

At this moment, in the Divine Axe Square, some of the participants were smiling, while others were in pain. Of course, there were also people like Xue Wuji who had an emotional expression on their faces. In short, they were all strange creatures.

The teachers in charge of the test were very calm about the reactions of the crowd. The name of this illusory array was called the seven emotions and six desires array. Anyone would have seven emotions and six desires, so everyone would be affected, it was just that there was a time for them to wake up sooner or later.

If there were no clear-headed people after two hours, they would only be eliminated. There were too many distracting thoughts, so they wouldn't go too far on the path of cultivation. Xingtian Academy wouldn't recruit such students.

The teachers felt that it would take at least an hour for someone to wake up, so they gathered in groups of two or three and discussed in low voices. They were discussing whether there were good seedlings among the students who had applied for the exam.

The chief teacher in charge of the examination had the surname Pang. Naturally, it was not appropriate for him to whisper to the others. Thus, he kept scanning the crowd. Seeing the various expressions on everyone's faces, he frowned slightly. This batch of students seemed to be a lot more impetuous than the previous batch. Their aptitude might not be as good as that of the WA Stone Academy!

Eh? Teacher Pang was suddenly stunned. What the hell was that person looking around?

He saw a little girl standing out from the crowd. Her big eyes were darting around. She looked at the man in red on her left and the woman in white on her right, from time to time, she would stretch her neck and look at the woman in yellow beside her.

After a while, perhaps she was too bored, so she closed her eyes and slowly fell asleep..

Asleep?

Asleep! ! !

Teacher Pang was so angry that he was twitching. Did this little girl really take the entrance exam seriously? First, she started to carelessly touch the statue of the heaven-executing divine axe. Now, even though she had woken up from the illusion early in the morning, she did not immediately stand up to signal for her to go to sleep?

This was simply outrageous!

Teacher Pang was so angry that he did not care about his identity anymore. He directly walked to Yun Chujiu's side and said, "Candidate, if you want to sleep, go out and sleep!"

Yun chujiu opened her eyes and looked at teacher Pang in a daze. Then, she closed her eyes again, she was still mumbling softly, "This dream is too real. I can't believe that even the teacher who was in charge of the test could dream about it. "Speaking of which, that chief teacher who was in charge of the test is really the best teacher I've ever met. Only now do I understand what it means to be a person of the world and to be a teacher. I must do my best to enter Xingtian Academy so that I can hear his teachings..."

Teacher Pang was stunned. Could it be that this little girl was also in an illusion, but her performance was different from others?

Teacher Pang looked at Yun Chujiu again. She had her eyes closed, and the expression on her face changed from joy to sorrow. At this moment, she was no different from the others.

Teacher Pang shook his head, turned around, and left. He would never admit that he felt that this little girl's words were nice, so he let her off.

Yun chujiu secretly opened her eyes a little. She heaved a sigh of relief when she saw that teacher Pang had left.

This fellow was not a fool. She had carelessly touched the statue before, and now she was acting like this. Naturally, she had her own plans.

The spiritual power level that she displayed at the moment was too low. If she did not use some unconventional methods, how could anyone notice her?

Therefore, this fellow was testing teacher Pang's bottom line bit by bit. Of course, she knew that teacher Pang had already seen through her act. But since he didn't expose her, it meant that at least he didn't hate her, there was no harm in brushing his face first.
