

## The Yun Family's Ninth Child is an Imp! Chapter 2190

Xue Wuji and the other two naturally knew that Yun Chujiu was joking. Moreover, even if there were really only a few people left, they would not really let them take the next round. There must be other ways to remedy the situation.

For example, they would choose two lucky candidates from the eliminated candidates to fill the gaps. In short, they would not really let them take the next round.

Yun Chujiu was originally joking, but she did not expect a man beside her to say with disdain, "TSK tsk, trash is trash. To think that they would actually think that a pie would fall from the sky. They really don't know shame."

Yun chujiu turned around and saw that the man who spoke had a pair of Diao Shaoyan. Her heart moved. This person was somewhat similar to that Zhu Jinghu. Could it be that they were relatives?

When that Diao Shaoyan saw Yun chujiu looking at him, not only did he not feel embarrassed, he said even louder, "What are you looking at? I'm Talking About You! A sixth level spiritual venerable wants to enter Xingtian Academy? You really overestimate yourself!"

The other three people who were in the same group as Diao Shaoyan also echoed, "That's right. I don't know what kind of dog shit luck you got to actually pass the first round of the test. "But this luck won't last forever. You guys just wait to be beaten back to your original form in this round!"

..

Yun chujiu heard the discussion of the four people and only glanced at them indifferently. She did not refute. The four people felt that Yun Chujiu was afraid of them and became even more unrestrained. Some people around them also joined in the jeering.

Yun chujiu still did not say anything. She just glanced at them.

Jin Zhi, who was standing at the side, lit a candle in her heart for those people. You Idiots, keep showing off! The black-hearted little nine must have recorded all of you in the Black Book. It was fine if you didn't get into the Sky Punisher Academy, but if you did, you would be tortured!

Jin Zhi was shocked when she thought of this. eh? Why would they be tortured if they got into the Sky Punisher Academy? Well, she already felt that they would definitely be able to enter the Sky Punisher Academy. After all, with the perverted leader little nine leading them, it would be a piece of cake for them to enter the Sky Punisher Academy.

Yun Chujiu didn't know that Jin Zhi's little fan sister was cursing in her heart. When she saw that Xue Wuji was still in a daze, she lowered her voice and asked, "Brother Wuji, what are you thinking about? Are you thinking about a beauty?"

Xue Wuji was suddenly shocked. "Nonsense, nonsense! There is no beauty! Brother, I am thinking about the content of the second Test."

“Brother Wuji, have you thought about it?” Yun chujiu curled her lips. If she thought about the content of the second test, would her face turn red? Liar!

Xue Wuji said perfunctorily, “Of course. Brother, I am so smart. I can think of it at once! “Since it’s a team, it’s naturally to kill demonic beasts or gather some spiritual herbs, and then calculate the points. “These are all old tricks, there’s really nothing new.”

Yun chujiu and Xue Wuji thought about the same thing. Since it was a team, it was probably this kind of assessment content. In the end, whether it was the academy or the sect, the assessment was all these

Just as this fellow was thinking about it, he heard teacher Pang say, “The content of the second round of assessment is very simple. It is to test your teamwork and trust.

One of you will be sent to the Demonic Beast’s nest as a hostage, while the other three will think of ways to overcome the difficulties encountered on the way and reach the nest to rescue their companions.

“The first six hundred groups with the shortest time will advance, while the remaining groups will be eliminated. “In addition, if the examinee who is the hostage activates the jade token to forfeit the competition, then the entire group will also be eliminated. “In addition, flying is prohibited in the trial area, and the use of talismans is prohibited.”
