

The Yun Family's Ninth Child is an Imp! Chapter 2194

When the teachers saw that Yun chujiu was actually chatting and laughing with the pioneer Sabertooth elephant, the corners of their mouths twitched. This little girl was really bold!

However, this little girl was also smart. She guessed that the pioneer sabertooth elephant would not really hurt her.

When everyone saw that Yun Chujiu had fed the pioneer sabertooth elephant the corpse of a wind blade golden spotted tiger, they were all dumbfounded. Was this little girl not afraid that the fresh blood would trigger the fierce nature of the pioneer Sabertooth Elephant?

However, it was obvious that everyone was overthinking. After the pioneer Sabertooth Elephant finished eating the wind blade golden spotted tiger, it laid on the ground lazily and closed its eyes to sleep.

It was not worried that Yun Chujiu would dare to escape, unless the little girl did not want to live anymore. If she tried to escape, its long trunk would immediately wrap her up.

Seeing that the pioneer sabertooth elephant was sleeping, Yun Chujiu took out a reclining chair and sat on it. She took out a script and read it leisurely.

The teachers were so angry that they gritted their teeth. Are you participating in the test? Can you focus a little? You actually have the heart to read the script? You're really ambitious!

Fortunately, the picture was not particularly clear. Otherwise, when everyone saw the words on the cover of Yun Chujiu's script, they would probably be even more angry and vomit blood!

After a while, everyone saw that the little girl seemed to be tired from watching and actually fell asleep without a care in the world.

Teacher Pang sped up the scene. The little girl stretched herself and stood up from the recliner. Her eyes rolled around, she said to the pioneer sabertooth elephant, "Sir Elephant, are you done sleeping? Let's go out for a walk. It's boring to stay in this nest!"

The pioneer Sabertooth elephant opened its eyes impatiently and roared. It was obviously extremely impatient.

If an ordinary person saw this, they would definitely be obedient. Otherwise, it would be bad if they angered the pioneer sabertooth elephant.

However, Yun Chujiu, this fellow, had never taken the ordinary path. She continued to say with a smile, "Lord Elephant, are you interested in medicinal pills?"

The pioneer sabertooth elephant's huge eyeballs suddenly lit up and it let out a low roar.

Yun Chujiu knew that it was interested.., hence, she continued to say, “Lord Elephant, to be honest, my elder is good at refining pills. When I came this time, he gave me a lot of pills. Some of them can absorb spiritual energy quickly, and some can treat injuries. I’ll give you two bottles!”

The pioneer sabertooth elephant’s long trunk stretched forward. Its purpose was very clear. It wanted the pills.

Yun chujiu took out two bottles of pills with a smile. After opening the Cork, she placed the pills in her palm and let the pioneer Sabertooth elephant sniff them. Only then did she fix the bottle cap again and give the two bottles of pills to the pioneer sabertooth elephant.

The pioneer Sabertooth elephant excitedly put the two bottles of pills into its portable space and called Yun Chujiu twice in a low voice. Apparently, it was very satisfied.

“Lord Elephant, it seems that you still like pills. “Actually, I have about ten bottles of these pills here, but they belong to my companions. As long as they agree, I can give them to you. But I can’t contact them now, so I can only wait for them to come here.”Yun Chujiu said with a troubled look.

The pioneer Sabertooth elephant’s eyes revealed a pleasantly surprised light, at this time, Yun chujiu continued to say, “However, as you can see, Lord Elephant, my spiritual power is very weak. My companions are only slightly stronger than me. I reckon that after the test is over, they won’t be able to reach here.”
